**GLOBAL NOTES AND STATEMENT OF LIMITATIONS,
 METHODOLOGY, AND DISCLAIMER REGARDING DEBTORS'
 SCHEDULES OF ASSETS AND LIABILITIES
AND STATEMENT OF FINANCIAL AFFAIRS**

The Schedules of Assets and Liabilities and the Statement of Financial Affairs (the "Schedules and Statements") filed herewith by the debtors and debtors in possession in the above-captioned cases (collectively, the "Debtors") were prepared pursuant to section 521 of title 11 of the United States Code (as amended, the "Bankruptcy Code") and Rule 1007 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules") by management of the Debtors and are unaudited. Unless otherwise indicated in the Schedules or Statements, the information provided is as of the close of business on February 1, 2008 (the "Petition Date"). While the Debtors' management has made every reasonable effort to ensure that the Schedules and Statements are accurate and complete based upon information that was available to them at the time of preparation, inadvertent errors or omissions may have occurred and the subsequent receipt of information may result in material changes to the financial data and other information contained therein. The Debtors have used their best efforts to compile the information set forth in the Schedules and Statements from their books and records maintained in the ordinary course of their businesses. The Debtors reserve their right to amend their Schedules and Statements from time to time as may be necessary or appropriate. Except as noted in the Schedules and Statements, all asset and liability data contained in the Schedules and Statements are stated in U.S. currency as of the close of business on February 1,

2008. These Global Notes and Statement of Limitations, Methodology, and Disclaimer Regarding Debtors' Schedules of Assets and Liabilities and Statement of Financial Affairs (the "Global Notes") are incorporated by reference in, and comprise an integral part of, the Schedules and Statements, and should be referred to and reviewed in connection with any review of the Schedules and Statements.

1. Description of the Cases. On the Petition Date, the Debtors filed voluntary petitions with the United States Bankruptcy Court for the Eastern District of Michigan, Southern Division (the "Bankruptcy Court") for reorganization under the Bankruptcy Code under case numbers 08-42417 (PJS) through 08-42425 (PJS), and orders for relief were entered by the Bankruptcy Court. The cases have been consolidated for the purpose of joint administration only under Case No. 08-42417 (PJS). The Debtors currently are operating their businesses as debtors in possession under the Bankruptcy Code.

2. Basis of Presentation. For financial reporting purposes, the Debtors generally prepare consolidated financial statements, which include financial information for all subsidiaries. The preparation of the Schedules and Statements required the Debtors to make estimates and assumptions that affect the reported amounts of liabilities, the disclosures of contingent liabilities, and the reported amounts of expenses during the reporting period. Actual results could differ from estimates. Some of the Debtors' scheduled assets and liabilities are unknown and/or unliquidated at this time. In such cases, the amounts are listed as "Unknown" or "Undetermined." Accordingly, the Schedules and Statements may not accurately reflect the aggregate amount of the Debtors' assets and liabilities. The Debtors have sought to allocate liabilities between prepetition and postpetition periods based on information from research that was conducted in connection with the preparation of the Schedules and Statements. As additional information becomes available and further research is conducted, the allocation of liabilities between prepetition and postpetition periods may change. Each Debtor generally maintains its accounting records in accordance with generally

accepted accounting principles in the United States ("GAAP") and as consistently applied by such Debtor. Given the differences between the information requested in the Schedules and Statements and the financial information utilized under GAAP, the aggregate asset values and claim amounts set forth in the Schedules and Statements do not necessarily reflect the amounts that would be set forth in a balance sheet prepared in accordance with GAAP.

3. Summary of Significant Reporting Policies. The Schedules and Statements have been signed by Peter Smidt, Executive Vice President, Finance, and Chief Financial Officer of Plastech Engineered Products, Inc. ("PEPI") and Mr. Kelvin Scott, General Counsel of PEPI. In reviewing and signing the Schedules and Statements, Messrs. Smidt and Scott have necessarily relied upon the efforts, statements and representations of the accounting and non-accounting personnel located at Plastech's headquarters. Messrs. Smidt and Scott have not (and could not have) personally verified the accuracy of each such statement and representation, including statements and representations concerning amounts owed to creditors.

Each of the Debtors made its best effort to report asset, liability, disbursement, and other information on the appropriate Debtors' Schedules and Statements. However, the following qualifications and limitations apply to each Debtor's Schedules and Statements:

(a) For many assets and asset classifications, a physical location code is included and maintained in the Debtor's accounting and financial systems. For assets or asset classification for which a location code is available, such assets or asset classifications are reported on the appropriate Debtor's Schedules and Statements. For assets or asset classification for which no location code is available, such assets or asset classifications are reported on the Schedules and Statements of PEPI.

(b) The Debtors maintain information for most liabilities, most notably the trade and non-trade accounts payable, in a centralized accounts payable system on behalf of all Debtors. Therefore, trade and non-trade balances are reported on the Schedules and Statements of PEPI. However, those liabilities for

which the Debtors could determine with a reasonable degree of certainty that a Debtor other than PEPI may be liable are reported on such other Debtor's Schedules and Statements.

(c) Disbursements are made through a centralized and consolidated cash management system that includes numerous checking accounts held in the name of specific Debtors. Therefore, all disbursement information is reported on the Schedules and Statements of the Debtor which holds the relevant bank account.

In addition, the Debtors adopted the following conventions in the preparation of the Schedules and Statements.

(d) Debtors. The Debtors use a consolidated cash management system through which the Debtors pay substantially all liabilities and expenses. PEPI does not maintain full, separate, stand-alone accounting records in their general ledger for the other Debtors. Whenever possible, assets and liabilities were allocated to individual debtor entities based upon detailed information of the assets and liabilities by Debtor. If unable to allocate assets and liabilities by debtor, information was provided on the Debtor PEPI, the main operating entity. Accordingly, certain liabilities are reflected on PEPI's Schedules and Statements that properly may be allocable to one of the other Debtors. Moreover, the Schedules and Statements for the other Debtors may not reflect all receipts or payments made by PEPI on behalf of the other Debtors.

(e) Reporting Date. Assets and liabilities reported in the Debtors' Schedules and Statements are prepared as of the close of business on February 1, 2008, unless otherwise noted.

(f) Book Value. While the Debtors have made a good-faith effort to identify all of their property and obtain current market valuations of their property interests, it would be prohibitively expensive, unduly burdensome, and time-consuming to obtain current market valuations of the Debtors' property interests not already valued. Similarly, to the extent any asset value is listed herein, unless otherwise

indicated, net book values, rather than current market values, of the Debtors' interests in property are reflected on the applicable Schedules and Statements. As applicable, assets that have been fully depreciated or were expensed for accounting purposes have no net book value and may not be reflected on the Schedules.

(g) Accounts Receivable. Accounts Receivable are not presented net of allowance for doubtful accounts but are presented without offsetting for any mutual counterparty accounts payable, open or terminated contract liabilities, liquidated damages, setoff rights, or collateral held by the Debtors. Likewise, Accounts Payable are shown without consideration of offsetting accounts receivable, open or terminated contracts, liquidated damages, setoff rights, or collateral that has been posted on behalf of the counterparty. If these accounts were shown net of potential setoffs, the dollar amounts could change significantly.

(h) Intercompany Accounts and Transactions. With the exception of certain non-Debtor affiliates and certain of the Debtors, the Debtors, generally, do not maintain intercompany payable and receivable balances. Accordingly, any intercompany payable and receivable balance between Debtors is unknown.

(i) Intellectual Property Rights. Inclusion of certain intellectual property shall not be construed as an admission that such intellectual property rights have not been abandoned, have not been terminated or otherwise expired by their terms, or have not been assigned or otherwise transferred pursuant to a sale, acquisition, or other transaction. Accordingly, the Debtors reserve all of their rights with respect to the legal status of such intellectual property rights.

(j) Causes of Action. The Debtors have not set forth all causes of action against all third parties as assets in their Schedules and Statements. The Debtors reserve all of their rights with respect to any causes of action that they may have, and neither these Global Notes nor the Schedules and Statements shall be deemed a waiver of any such causes of action.

(k) Litigation. The Debtors have listed on Schedule F all known claimants related to any pending or

threatened litigation action as contingent, disputed, and unliquidated with unknown amounts. Although claim amounts were not estimated, allowed claims, if any, for these claimants may be substantial. The Debtors have listed in the Statements question 4(a) the various litigation matters to which the Debtors were a party within the past year.

(l) Payments Made within 90 Days prior to the Petition Date. Payments made to employees for salaries, wages, bonuses, commissions, and employee benefits were omitted from the Statements question 3(b). However, certain payments made to insiders reported in the Statements question 3(c) may also be reported in the Statements question 3(b).

(m) Executory Contracts. The Debtors have not set forth executory contracts as assets in their Schedules and Statements. The Debtors' executory contracts have been set forth in Schedule G.

(n) Property and Equipment - Owned. Unless otherwise noted, owned property and equipment are stated as net book value. For book reporting purposes, all assets were recorded using the straightline method of depreciation. Inasmuch as the Debtors calculate depreciation and amortization monthly, the Schedules and Statements reflect monthly depreciation and amortization through January 31, 2008.

(o) Property and Equipment - Leased. In the ordinary course of their businesses, the Debtors lease equipment from certain third-party lessors for use in the daily operations of their businesses. Any such leases are set forth in the Schedules and Statements. The property subject to such leases is not reflected in the Schedules and Statements as either owned property, assets of the Debtors, or property or assets of third-parties within the control of the Debtors. Nothing in the Schedules and Statements is or shall be construed as an admission or determination as to legal status of any lease (including whether any lease is a true lease or a financing arrangement), and the Debtors reserve all rights with respect to any of such issues.

(p) Payments to Creditors and Insiders. On the Statements question number 3 (c) and 23, the Debtors

have not scheduled payments made to employees who may be deemed officers where the employees function in a purely ministerial role and have no material inside information.

(q) Interests in Subsidiaries. PEPI owns directly or indirectly the eight subsidiaries and affiliates that are Debtors. Equity interests in subsidiaries and affiliates primarily arise from common stock ownership interests. Each Debtor's "Schedule B-Personal Property" lists such Debtor's ownership interests, if any, in subsidiaries and affiliates. For purposes of these Schedules and Statements, the Debtors have listed the value of such ownership interests as undetermined because the fair market value of such stock or interests is dependent on numerous variables and factors and may differ significantly from the net book value.

(r) Schedule D - Secured Claims. The Debtors have not included on Schedule D parties that may believe their claims are secured through setoff rights, deposits posted by or on behalf of the Debtors, or inchoate statutory lien rights. Such counterparties have been listed on the Schedule F's. Except as otherwise agreed pursuant to a stipulation or agreed order or order entered by the Bankruptcy Court, the Debtors reserve their rights to dispute or challenge the validity, perfection, or immunity from avoidance of any lien purported to be granted or perfected in any specific asset to a secured creditor listed on Schedule D of any Debtor. Moreover, although the Debtors may have scheduled claims of various creditors as secured claims, except as otherwise agreed pursuant to a stipulation or agreed order or order entered by the Bankruptcy Court, the Debtors reserve all rights to dispute or challenge the secured nature of any such creditor's claim or the characterization of the structure of any such transaction or any document or instrument related to such creditor's claim. Furthermore, secured claim amounts have been listed on Schedule D without regard to the value of assets secured thereby. No attempt was made by the Debtors to estimate the fair market value as of the Petition Date of assets pledged pursuant to a secured obligation. Accordingly, deficiency claims of secured creditors were not listed on Schedule F and such

omission is not an admission by the Debtors as to the sufficiency of collateral related to any secured claim listed on Schedule D. In certain instances, a Debtor may be a co-obligor or guarantor with respect to scheduled claims of other Debtors. No claim set forth on Schedule D of any Debtor is intended to acknowledge claims of creditors that are otherwise satisfied or discharged by other entities. The descriptions provided in Schedule D are intended only to be a summary. Reference to the applicable loan agreements and related documents is necessary for a complete description of the collateral and the nature, extent and priority of any liens. Nothing in the Global Notes or the Schedules and Statements shall be deemed a modification or interpretation of the terms of such agreements. To the extent that the Debtors are parties to capital leases, the Debtors have treated those leases as executory contracts, which may be shown on Schedule G. However, the Debtors reserve their rights to assert that such capital leases are secured financings, rather than unexpired leases.

(s) Schedule E - Priority Claims. Priority claims related to various tax obligations have been listed on Schedule E. Moreover, although the Debtors may have scheduled claims of various creditors as priority claims, the Debtors reserve all rights to dispute or challenge the priority treatment of any such creditor's claim (or portion thereof) or the characterization of the structure of any such transaction or any document or instrument related to such creditor's claim.

(t) Schedule F - Unsecured Claims. In certain instances, a Debtor may be a co-obligor, co-mortgagor, or guarantor with respect to scheduled claims of other Debtors, and no claim set forth on Schedule F of any Debtor is intended to acknowledge claims of creditors that are otherwise satisfied or discharged by other entities. The descriptions provided in Schedule F are intended only to be a summary. Nothing in the Global Notes or the Schedules and Statements shall be deemed a modification or interpretation of the terms of such agreements. The claims of individual creditors for, among other things, goods, services, or taxes are listed at the amounts listed on the Debtors' books and records and may not reflect credits or allowances due

from such creditor. The Debtors reserve all of their rights respecting such credits and allowances. The dollar amounts listed may be exclusive of contingent and unliquidated amounts. The Debtors expressly incorporate by reference into Schedule F all parties to pending and potential pending litigation listed in the Debtors' Statements as contingent, unliquidated, and disputed claims to the extent not already listed on Schedule F. All parties to executory contracts, including those listed on Schedule G, are holders of contingent and unliquidated unsecured claims arising from (i) obligations under those executory contracts and/or (ii) rejection damages in the event that such executory contract is rejected. Not all such claims are duplicated on Schedule F.

(u) Schedule G - Executory Contracts/Unexpired Leases. While every reasonable effort has been made to ensure the accuracy of Schedule G regarding executory contracts and unexpired leases, inadvertent errors or omissions may have occurred. The Debtors hereby reserve all of their rights to dispute the validity, status, or enforceability of any contracts, agreements, or leases set forth in Schedule G and to amend or supplement such Schedule as necessary. The contracts, agreements, and leases listed on Schedule G may have expired or may have been modified, amended, or supplemented from time to time by various amendments, restatements, waivers, estoppel certificates, letters, and other documents, instruments, and agreements which may not be listed therein. Certain of the leases and contracts listed on Schedule G may contain certain renewal options, guarantees of payment, options to purchase, rights of first refusal, and other miscellaneous rights. Such rights, powers, duties, and obligations are not set forth on Schedule G. Certain of the agreements may not have been memorialized in writing and could be subject to dispute. Executory agreements that are oral in nature have been scheduled to the best of the Debtors' knowledge. Schedule G includes purchase orders for goods or equipment but does not include nondisclosure agreements. Schedule G does not include all of the Debtors' bid proposals entered into by the Debtors in the ordinary course of their business because the Debtors do not consider such documents to be executory contracts. Additionally, the Debtors may

have entered into various other types of agreements in the ordinary course of their business, such as easements, right of way, subordination, non-disturbance, supplemental agreements, amendments/letter agreements, title agreements, and confidentiality agreements. Such agreements, if any, may not be set forth in Schedule G. Certain of the agreements listed on Schedule G may be in the nature of conditional sales agreements or secured financings. The presence of a contract or agreement on Schedule G does not constitute an admission that such contract or agreement is an executory contract or unexpired lease. Similarly, the absence of a contract or agreement on Schedule G does not constitute an admission that any other contract or agreement to which a Debtor is a party is not executory. The Debtors reserve all of their rights, claims, and causes of action with respect to the contracts and agreements listed on Schedule G, including the right to dispute or challenge the characterization or the structure of any transaction, document, or instrument.

(v) Statement of Financial Affairs. Both questions 3C and 23 in the statement of financial affairs request information regarding payments to insiders. The Debtors have listed expense reimbursements, gross wages and bonuses, severance pay, director and committee fees, leased car payments, payments related to the gross up of income for benefits received during the year, and distributions of deferred compensation to their insiders in response to question 3C.

4. Adjustment to Scheduled Claim Amounts. The Bankruptcy Court has authorized the Debtors to pay, inter alia, wages, salaries and employee benefits; and certain prepetition shipping charges, contractors, and sales use and trust fund taxes. Accordingly, to the extent prepetition amounts have been paid in accordance with a Bankruptcy Court order prior to the filing of the Schedules, such claim amounts may not be listed. However the actual unpaid claims of creditors that may be allowed in these cases may differ from the amounts set forth due to additional invoices received or prepetition payments made following the filing of the Schedules and Statements

5. Employee and Former Employee Addresses. Where directors, employees, and former employees have been

identified in the Schedules and Statements, their addresses have not been set forth. These addresses will be provided with appropriate confidentiality provisions upon request.

6. Employee Claims. The Bankruptcy Court authorized the Debtors to pay certain prepetition employee wages, salaries, benefits, and other obligations. Accordingly, only employee claims for prepetition amounts that have not been paid as of the time the Schedules and Statements were filed have been included on the appropriate Schedule.

7. Insurance. PEPI maintains general liability insurance policies, and various other insurance policies, on behalf of all the Debtors. A listing of all such insurance policies is set forth on PEPI's Schedule G.

8. Inventory. The Debtors routinely perform manual counts of their inventories at different times in the year at their various facilities. The Debtors do not perform inventories at their various facilities at the same point in time so the Debtors have provided the value of inventory and indicated the dates of the inventories to the best of their ability on the Schedules and Statements. Inventory values set forth on the Schedules and Statements are at cost.

9. Reservation of Rights and Exculpation. The Debtors reserve all their rights to amend the Schedules and Statements in all respects, as may be necessary or appropriate, including, but not limited to, the right to dispute or to assert offsets or defenses to any claim reflected on the Schedules as to amount, liability, or classification or to otherwise subsequently designate any claim as "disputed," "contingent," or "unliquidated." Any failure to designate a claim as "contingent," "unliquidated," or "disputed" does not constitute an admission by the Debtors that such claim is not "contingent," "unliquidated," or "disputed." Furthermore, nothing contained in the Schedules shall constitute a waiver of the Debtors' rights with respect to the chapter 11 cases and, specifically, with respect to any issues involving equitable subordination and/or causes of action arising under the provisions of Chapter 5 of the Bankruptcy Code and other relevant nonbankruptcy

laws to recover assets or avoid transfers. Moreover, although the Debtors may have scheduled claims of various creditors as priority claims, the Debtors reserve all rights to dispute or challenge the priority treatment of any such creditor's claim (or portion thereof) of the characterization of the structure of any such transaction or any document or instrument related to such creditor's claim. The Debtors and their agents, attorneys, and advisors do not guarantee or warrant the accuracy, completeness, or currentness of the data that is provided herein and shall not be liable for any loss or injury arising out of or caused in whole or in part by the acts, errors, or omissions, whether negligent or otherwise, in procuring, compiling, collecting, interpreting, reporting, communicating, or delivering the information contained herein. While every reasonable effort has been made to provide accurate and complete information herein, inadvertent errors or omissions may exist. The Debtors and their agents, attorneys, and advisors expressly do not undertake any obligation to update, modify, revise, or re-categorize the information provided herein, or to notify any third party should the information be updated, modified, revised, or re-categorized. In no event shall the Debtors or its agents, attorneys, and advisors be liable to any third party for any direct, indirect, incidental, consequential, or special damages (including, but not limited to, damages arising from the disallowance of a potential claim against the Debtors or damages to business reputation, lost business, or lost profits), whether foreseeable or not and however caused, even if the Debtors or their agents, attorneys, and advisors are advised of the possibility of such damages.

10. Global Notes Control. In the event that the Schedules and Statements differ from the foregoing Global Notes, the Global Notes shall control.

SCHEDULE D - CREDITORS HOLDING SECURED CLAIMS

State the name, mailing address, including zip code, and last four digits of any account number of all entities holding claims secured by property of the debtor as of the date of filing of the petition. The complete account number of any account the debtor has with the creditor is useful to the trustee and the creditor and may be provided if the debtor chooses to do so. List creditors holding all types of secured interests such as judgment liens, garnishments, statutory liens, mortgages, deeds of trust, and other security interests.

List creditors in alphabetical order to the extent practicable. If a minor child is a creditor, state the child's initials and the name and address of the child's parent or guardian, such as "A.B., a minor child, by John Doe, guardian." Do not disclose the child's name. See 11 U.S.C. § 112 and Fed. R. Bankr. P. 1007(m). If all secured creditors will not fit on this page, use the continuation sheet provided.

If any entity other than a spouse in a joint case may be jointly liable on a claim, place an "X" in the column labeled "Codebtor," include the entity on the appropriate schedule of creditors, and complete Schedule H-Codebtors. If a joint petition is filed, state whether the husband, wife, both of them, or the marital community may be liable on each claim by placing an "H," "W," "J," or "C" in the column labeled "Husband, Wife, Joint, or Community."

If the claim is contingent, place an "X" in the column labeled "Contingent." If the claim is unliquidated, place an "X" in the column labeled "Unliquidated." If the claim is disputed, place an "X" in the column labeled "Disputed." (You may need to place an "X" in more than one of these three columns.)

Total the columns labeled "Amount of Claim Without Deducting Value of Collateral" and "Unsecured Portion, if Any" in the boxes labeled "Total(s)" on the last sheet of the completed schedule. Report the total from the column labeled "Amount of Claim Without Deducting Value of Collateral" also on the Summary of Schedules and, if the debtor is an individual with primarily consumer debts, report the total from the column labeled "Unsecured Portion, if Any" on the Statistical Summary of Certain Liabilities and Related Data.

Check this box if debtor has no creditors holding secured claims to report on this Schedule D.

State the name, mailing address, including zip code, and last four digits of any account number, of all entities holding unsecured claims without priority against the debtor or the property of the debtor, as of the date of filing of the petition. The complete account number of any account the debtor has with the creditor is useful to the trustee and the creditor and may be provided if the debtor chooses to do so. If a minor child is a creditor, state the child's initials and the name and address of the child's parent or guardian, such as "A.B., a minor child, by John Doe, guardian." Do not disclose the child's name. See 11 U.S.C. § 112 and Fed.R.Bankr.P. 1007(m). Do not include claims listed in Schedules D and E. If any entity other than a spouse in a joint case may be jointly liable on a claim, place an "X" in the column labeled "Codebtor," include the entity on the appropriate schedule of creditors, and complete Schedule H-Codebtors. If a joint petition is filed, state whether the husband, wife, both of them, or the marital community may be liable on each claim by placing an "H," "W," "J," or "C" in the column labeled "Husband, Wife, Joint, or Community."

If the claim is contingent, place an "X" in the column labeled "Contingent." If the claim is unliquidated, place an "X" in the column labeled "Unliquidated." If the claim is disputed, place an "X" in the column labeled "Disputed." (You may need to place an "X" in more than one of these three columns.)

Report the total of all claims listed on this schedule in the box labeled "Total" on the last sheet of the completed schedule. Report this total also on the Summary of Schedules and, if the debtor is an individual with primarily consumer debts, report this total on the Statistical Summary of Certain Liabilities and Related Data.
