OF WORLD COLOR (USA) CORP. (FORMERLY QUEBECOR WORLD (USA) INC.)

DATE: May 9, 2013

¹ In connection with the Debtors' emergence from these Chapter 11 Cases, Quebecor World (USA) Inc. changed its name to World Color (USA) Corp. and each of the affiliated Debtors changed its name to adopt the "World Color" name instead of the "Quebecor" or "Quebecor World" name, and, similarly, Quebecor World Inc., the Canadian parent of the Debtors, changed its name to World Color Press Inc. Simultaneously, the 53-Debtors were restructured by way of merger, dissolution and/or liquidation into 12 surviving entities. Further, on July 2, 2010, World Color Press Inc. and its affiliated entities were acquired by Quad/Graphics, Inc. Nevertheless, pursuant to section 6.4(c) of the Debtors' confirmed Third Amended Joint Plan of Reorganization, the Reorganized Debtors retained their "Quebecor" names for purposes of these Chapter 11 Cases in all respects.

² The calculation of disbursements has been prepared solely for purposes of complying with quarterly post-confirmation reporting requirements applicable in these Chapter 11 Cases, and the calculations are unaudited.

QUEBECOR WORLD (USA) INC., ET AL.
QUARTERLY POST-CONFIRMATION REPORT
Case No. 08-10152 (Jointly Administered)
January 1, 2013-March 31, 2013

By agreement with the Office of the United States Trustee, the following information is provided to satisfy the Reorganized Debtors' obligation to provide a quarterly post-confirmation report of their activities and financial affairs for the period from January 1, 2013 through March 31, 2013. As set forth below, following the Debtors' emergence from these Chapter 11 Cases (defined below), and the Reorganized Debtors' adoption of the "World Color" name, Quad/Graphics, Inc. (together with its subsidiaries, "Quad" or the "Company") acquired the Reorganized Debtors. For more information regarding Quad as of March 31, 2013, including information on the Reorganized Debtors as subsidiaries of Quad, please refer to the Company's Quarterly Report Pursuant to Section 13 or 15(d) of The Securities Exchange Act of 1934, filed on Form 10-Q with the U.S. Securities and Exchange Commission (the "SEC") on May 8, 2013, a copy of which is attached hereto as an Exhibit, consistent with the agreement with the Office of the United States Trustee.

General

At the time of its emergence from the Chapter 11 Cases, World Color Press Inc. (formerly Quebecor World Inc.) ("World Color") was a commercial printer that provided high-value, complete market solutions, including pre-print, print and post-print services to leading retailers, branded goods companies, cataloguers and publishers of magazines, books, directories and other printed media. With a presence in North American and Latin American countries, World Color was able to serve customers on a regional, national and international basis. At that time, World Color was the second largest commercial printer in the United States, with 55 facilities, and a leader in the printing of books, magazines, directories, retail inserts, catalogues and direct mail. On July 2, 2010, Quad acquired World Color and all of its affiliated entities and thereupon became the second-largest printer in the Western Hemisphere.

As a result of World Color's emergence from creditor protection under the Companies' Creditors Arrangement Act (the "CCAA") in Canada, and World Color (USA) Corp. (formerly Quebecor World (USA) Inc.) and its related entities' emergence from bankruptcy under Chapter 11 of the United States Bankruptcy Code (the "Bankruptcy Code"), in each case on July 21, 2009 (the "Effective Date"), World Color became the successor registrant to the Quebecor entities. In connection with the quarterly post-confirmation reports filed by the Reorganized Debtors through the quarter ending June 30, 2010, the Reorganized Debtors attached a copy of World Color's publicly filed consolidated financial statements. As a result of Quad's acquisition of World Color and its affiliated entities on July 2, 2010, no publicly available financial statements for the Reorganized Debtors were available in respect of the second quarter of 2010, and, by agreement with the Office of the United States Trustee, no consolidated financial statements of the Reorganized Debtors were included in the quarterly post-confirmation report filed for such

quarter. However, as Quad became a publicly traded company upon its acquisition of World Color and its affiliated entities, by agreement with the Office of the United States Trustee, the Reorganized Debtors are attaching to this report as an Exhibit the publicly filed quarterly consolidated financial statements of Quad for the quarter ending March 31, 2013, which incorporate financial information in respect of the Reorganized Debtors.

The terms “we,” “our,” and “us,” when used herein with respect to the period prior to the Effective Date, are references to Quebecor World (USA) Inc., and when used with respect to the period commencing after the Effective Date, are references to World Color (USA) Corp. or Quad/Graphics, Inc., as applicable. These references include the subsidiaries of Quebecor World (USA) Inc., World Color (USA) Corp. or Quad/Graphics, Inc., as the case may be, unless otherwise indicated or the context requires otherwise.

Emergence from the Chapter 11 Cases

Quebecor World (USA) Inc. and fifty-two of its affiliates in the United States (collectively, the “Debtors”) operated their businesses as debtors in possession under Chapter 11 of the Bankruptcy Code from January 21, 2008 (the “Petition Date”), until their emergence from bankruptcy on the Effective Date. The Debtors’ Chapter 11 cases (collectively, the “Chapter 11 Cases”) were consolidated for procedural purposes in the United States Bankruptcy Court for the Southern District of New York (the “Bankruptcy Court”) under the caption *In re Quebecor World (USA) Inc. et. al.*, Case No. 08-10152 (JMP). On January 20, 2008, the Debtors’ corporate parent, Quebecor World Inc. (“QWI”), together with each of the Debtors, commenced a proceeding before the Superior Court, Commercial Division, for the Judicial District of Montreal (the “Canadian Court”) for a plan of compromise or arrangement (the “Canadian Proceedings”) under the CCAA. Each of the Debtors was joined in the Canadian Proceedings in order that each Debtor could obtain the protection of a stay under the CCAA, as well as under the Bankruptcy Code. On September 30, 2008, a Petition For Recognition of the Foreign Proceeding under Chapter 15 of the Bankruptcy Code was filed in the Bankruptcy Court with respect to QWI, which Petition was granted by the Bankruptcy Court by order entered November 14, 2008.

In connection with the bankruptcy proceedings in Canada and the United States, each of QWI and the Debtors developed plans of reorganization, which in each case were approved by their creditors on June 22, 2009. Following hearings held jointly in the Quebec Superior Court and the Bankruptcy Court on June 30, 2009, the Canadian Court sanctioned QWI’s Second Amended and Restated Plan of Reorganization and Compromise (as amended, the “Canadian Plan”) and the Bankruptcy Court confirmed the Third Amended Joint Plan of Reorganization of Quebecor World (USA) Inc. and Certain Affiliated Debtors and Debtors-In-Possession (as amended, the “Plan”). On July 2, 2009, the Bankruptcy Court entered its Findings of Fact, Conclusions of Law and Order confirming the Third Amended Joint Plan of Reorganization of Quebecor World (USA) Inc. and Certain Affiliated Debtors and Debtors-In-Possession, dated July 1, 2009, as modified. The Plan and the Canadian Plan became effective on July 21, 2009, and QWI and the Debtors thereupon emerged from bankruptcy protection. A copy of the Plan can be obtained at no cost from the Debtors’ claims agent’s, Donlin, Recano & Company,

website at www.qwusadocket.com, or, for a fee, from the Bankruptcy Court's website at <http://ecf.nysb.uscourts.gov>.

The Plan, together with the Canadian Plan, provided for the consolidation of the Debtors and QWI for the limited purposes of voting on the Plans and making distributions to creditors thereunder. Except as specifically provided for in the Plan, distributions under the Plan are in exchange for, and in complete satisfaction, discharge and release of, all claims and third-party ownership interests in the Debtors arising on or before the Effective Date, including any interest accrued on such claims from and after the Petition Date.

Pursuant to the Plan, the 53 Debtors were restructured, by way of merger, dissolution and/or liquidation pursuant to the Restructuring Transactions (as defined and provided for in the Plan and the Canadian Plan), into the surviving entities (each a "Reorganized Debtor," and collectively, the "Reorganized Debtors").

Upon the implementation of the Restructuring Transactions incident to the consummation of the Plan, QWI changed its name to "World Color Press Inc.," and the surviving Reorganized Debtors changed their names to incorporate the World Color name. Nevertheless, pursuant to section 6.4(c) of the Plan, the Reorganized Debtors retained their "Quebecor" names for purposes of these Chapter 11 Cases in all respects.

In connection with the implementation of the Plan and the Canadian Plan, World Color Press Inc., as successor by name change to QWI, among other things, reorganized its capital structure and agreed to issue to certain creditors of QWI and the Debtors, in exchange for the compromise of approximately \$3.1 billion of liabilities, (i) 73,285,000 World Color Press Inc. common shares; (ii) 12,500,000 World Color Press Inc. convertible Class A preferred shares; and (iii) 10,723,019 of each of World Color Press Inc. Series I and Series II barrier warrants (collectively, the "Quebecor Securities"). In addition, World Color (USA) Corp. agreed to issue to certain designated creditors of the Debtors guaranteed unsecured notes in a maximum aggregate principal amount of \$75 million. In connection with the acquisition of QWI, Quad became a publicly traded company and exchanged cash and securities for the Quebecor Securities and defeased and redeemed the guaranteed unsecured notes in accordance with the terms and conditions of the applicable indenture in respect of such guaranteed unsecured notes.

On March 15, 2012, the Reorganized Debtors filed a motion in the Bankruptcy Court (the "Motion for Final Decree") seeking entry of an order pursuant to section 350(a) of the Bankruptcy Code and Rule 3022 of the Federal Rules of Bankruptcy Procedure authorizing a final decree (the "Final Decree") closing all of the jointly administered Chapter 11 Cases of the Debtors other than the Chapter 11 Case of Quebecor World (USA) Inc. (the "Lead Debtor"). On March 29, 2012, the Bankruptcy Court approved the Motion for Final Decree and entered a Final Decree closing all of the Chapter 11 Cases (the "Closed Cases") other than with respect the Lead Debtor effective March 31, 2012. Pursuant to the Final Decree entered in the Chapter 11 Cases, for the period beginning April 1, 2012, the Reorganized Debtors are not obligated to pay any fees to the United States Trustee pursuant to 28 U.S.C. section 1930(a)(6) in respect of the Closed Cases. Accordingly, this report reflects only cash disbursements made on account of claims paid by and/or operations of the Lead Debtor during the period of January 1, 2013 through March 31, 2013.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**FOR THE THREE MONTHS ENDED MARCH 31, 2013****(In millions, except share and per share data and unless otherwise indicated)****Note 1. Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements for Quad/Graphics, Inc. and its subsidiaries (the "Company" or "Quad/Graphics") have been prepared by the Company pursuant to the rules and regulations for interim financial information of the United States Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been omitted pursuant to such SEC rules and regulations. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated annual financial statements as of and for the year ended December 31, 2012, and notes thereto included in the Company's latest Annual Report on Form 10-K filed with the SEC on March 8, 2013.

The Company's business is seasonal, with the majority of historical net sales and operating income recognized in the second half of the fiscal year. Seasonality is driven by increased magazine advertising page counts and retail inserts and catalogs primarily due to back-to-school and holiday related advertising and promotions. Within any year, seasonality could adversely impact the Company's cash flow and results of operations on a quarterly basis.

The financial information contained herein reflects all adjustments, in the opinion of management, necessary for a fair presentation of the Company's results of operations for the three months ended March 31, 2013 and 2012. All significant intercompany transactions have been eliminated in consolidation. These unaudited condensed consolidated financial statements include estimates and assumptions of management that affect the amounts reported in the condensed consolidated financial statements. Actual results could differ from these estimates.

On January 16, 2013, the Company completed the acquisition of substantially all of the assets of Vertis Holdings, Inc. ("Vertis") pursuant to the terms of the Asset Purchase Agreement (the "Asset Agreement") dated October 10, 2012. Vertis' results of operations, assets acquired and liabilities assumed per the terms of the Asset Agreement are included in the Company's results of operations, financial position and cash flows prospectively as of the January 16, 2013 acquisition date. The operations of Vertis are included in the United States Print and Related Services segment. See Note 3 for additional information about this acquisition.

On March 1, 2012, the sale of the Company's Canadian operations was completed. The results of operations of the Company's Canadian operations were reported as discontinued operations. During the three months ended March 31, 2012, a gain on disposal of discontinued operations was also recorded. In accordance with the authoritative literature, the Company has elected to not separately disclose the cash flows related to the Canadian discontinued operations. See Note 4 for additional information about the Company's sale of the Canadian operations.

Note 2. Recent Accounting Pronouncements

In March 2013, the Financial Accounting Standards Board ("FASB") issued new guidance on the accounting for the cumulative translation adjustment upon derecognition of certain subsidiaries or group of assets within a foreign entity or of an investment in a foreign entity. Under this new guidance, the release of cumulative translation adjustments into net income is required when an entity ceases to have a controlling financial interest resulting in the complete or substantially complete liquidation of a subsidiary or group of assets within a foreign entity. This guidance is effective prospectively for fiscal years beginning after December 15, 2013, with early adoption permitted. The Company has adopted this guidance and determined that it did not have a material impact on the Company's condensed consolidated financial position, results of operations or cash flows.

In February 2013, the FASB issued new guidance on the disclosure requirements for items reclassified out of accumulated other comprehensive income. Under this new guidance, an entity is required to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the financial statements or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income, but only if the amount reclassified is required to be reclassified in its entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional details about those amounts. The Company adopted this guidance effective January 1, 2013. The adoption of this guidance does not change the current

requirements for reporting net income or other comprehensive income, and did not have a material impact on the Company's condensed consolidated financial position, results of operations or cash flows. See Note 21 for the required disclosure.

Note 3. Acquisitions and Strategic Investments

2013 Acquisitions and Strategic Investments

On January 16, 2013, the Company completed the acquisition of substantially all of the assets of Vertis for \$267.4 million, which included the payment of \$97.4 million for current assets that were in excess of normalized working capital requirements, pursuant to the terms of the Asset Agreement. Vertis was a leading provider of retail advertising inserts, direct marketing and in-store marketing solutions. The acquisition of Vertis enhanced the Company's position as a leader in the production of retail advertising inserts, direct marketing and in-store marketing solutions that the Company can provide to its clients and enhanced its integrated offerings. This was accounted for using the acquisition method of accounting under GAAP. As an asset acquisition, the Company did not acquire certain assets and assume certain liabilities of Vertis and its subsidiaries in the transaction, including, among other liabilities, their underfunded pension and retirement obligations. The Company used cash on hand and borrowings under its revolving credit facility to finance the acquisition.

The Company made a \$25.9 million deposit in October 2012, in accordance with the terms of the Asset Agreement. This deposit was applied to the purchase price upon the January 16, 2013 consummation of the acquisition. As of December 31, 2012, the deposit was classified in prepaid expenses and other current assets in the consolidated balance sheet.

The following unaudited pro forma combined financial information presents the Company's results as if the Company had acquired Vertis on January 1, 2012. The unaudited pro forma information has been prepared with the following considerations:

- (1) The unaudited pro forma condensed consolidated financial information has been prepared using the acquisition method of accounting under existing GAAP. The Company is the acquirer for accounting purposes.
- (2) The pro forma combined financial information does not reflect any operating cost synergy savings that the combined company may achieve as a result of the acquisition, the costs necessary to achieve these operating synergy savings or additional charges necessary as a result of the integration.

	Three Months Ended March 31,	
	2013	2012
	(pro forma)	(pro forma)
Pro forma net sales	\$ 1,167.6	\$ 1,251.1
Pro forma net earnings (loss) from continuing operations attributable to common shareholders	(17.8)	13.1
Pro forma diluted earnings (loss) per share from continuing operations attributable to common shareholders	(0.39)	0.28

During the period under Quad/Graphics ownership, Vertis' financial results were included in the condensed consolidated statement of operations. Disclosure of the financial results of Vertis since the acquisition date is not practicable as it is not being operated as a standalone business, and has been combined with the Company's existing operations.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
 FOR THE THREE MONTHS ENDED MARCH 31, 2013
 (In millions, except share and per share data and unless otherwise indicated)**

The Company recorded a preliminary allocation of the purchase price to tangible and identifiable assets acquired and liabilities assumed, including certain contingent liabilities, based on their fair values as of the January 16, 2013 acquisition date. The preliminary purchase price allocation is as follows:

	Preliminary Purchase Price Allocation	
Cash and cash equivalents	\$	4.1
Accounts receivable		129.5
Other current assets		43.1
Property, plant and equipment		137.0
Identifiable intangible assets		19.7
Current liabilities		(53.1)
Other long-term liabilities		(12.9)
Purchase price	\$	<u>267.4</u>

The preliminary allocation of the purchase price and unaudited pro forma condensed consolidated financial information is based on the preliminary valuations performed to determine the fair value of the net assets as of the acquisition date. The valuation of the net assets acquired of \$267.4 million was classified as Level 3 in the valuation hierarchy (see Note 15 for the definition of Level 3 inputs). Identifiable customer relationship intangible assets are amortized on a straight-line basis over six years. The final purchase price, as well as the purchase price allocation, is subject to post-closing adjustments pursuant to the terms of the Asset Agreement and to completion of the final valuation of the net assets acquired. The final valuation is expected to be completed as soon as is practicable but no later than 12 months after the closing date of the acquisition and could have a material impact on the preliminary purchase price allocation disclosed above.

2012 Acquisitions and Strategic Investments

On March 28, 2012, the Company entered into a strategic partnership with India-based Manipal Technologies Limited ("ManipalTech") whereby Quad/Graphics paid \$18.1 million for a minority equity ownership interest in ManipalTech. ManipalTech is one of India's largest providers of printing services and supports clients' marketing, branding and communication needs through print services and technology solutions. The Company's investment in ManipalTech is accounted for as a cost method investment and is recorded within other long-term assets in the condensed consolidated balance sheet.

Note 4. Discontinued Operations

On March 1, 2012, the Company completed the sale of its Canadian operations to Transcontinental Inc. ("Transcontinental"). The Company sold its Canadian operations in exchange for acquiring 100% of Transcontinental's Mexican operations. In addition, Transcontinental assumed pension and post-retirement obligations pertaining to approximately 1,500 Canadian employees, located among the seven facilities sold to Transcontinental.

In connection with the acquisition of Transcontinental's Mexican operations, the definitive agreement required the Company to deposit 50.0 million Canadian dollars with Transcontinental until the Canadian operations sale was completed. The Company elected to hedge the foreign currency exchange rate exposure related to the 50.0 million Canadian dollar deposit by entering into short-term foreign currency forward exchange contracts. The Company hedged this foreign currency exposure until the March 1, 2012 sale of the Canadian net assets and refund of the 50.0 million Canadian dollar deposit occurred. During the three months ended March 31, 2012, \$1.6 million of realized mark-to-market losses on the derivative contracts were offset by \$1.6 million of transaction gains on translation of the foreign currency denominated deposit within selling, general and administrative expenses. The fair value determination of the foreign currency forward exchange contracts was categorized as Level 2 in the fair value hierarchy (see Note 15 for the definition of Level 2 inputs).

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS ENDED MARCH 31, 2013
(In millions, except share and per share data and unless otherwise indicated)**

The gain on disposal of discontinued operations, net of tax, recognized during the three months ended March 31, 2012, was determined as follows:

	2012	
Fair value of the acquired Transcontinental Mexican operations	\$	63.6
Cash paid to Transcontinental		(5.4)
Net proceeds	\$	58.2
Net assets of discontinued operations		(26.3)
Cumulative translation adjustment of discontinued operations		3.4
Gain on disposal of discontinued operations, net of tax ⁽¹⁾	\$	35.3

(1) For tax purposes the disposal of discontinued operations resulted in a long-term capital loss, for which a deferred tax asset was recorded. An offsetting valuation allowance against the deferred tax asset was recorded to reflect the expected value at which the asset will be recovered.

The following table summarizes the results of operations of the Canadian operations, which are included in the loss from discontinued operations, net of tax, in the condensed consolidated statements of operations for the period from January 1, 2012 through March 1, 2012:

	2012	
Total net sales	\$	32.2
Loss from discontinued operations before income taxes		(3.2)
Income tax expense		—
Loss from discontinued operations, net of tax	\$	(3.2)

Prior to the March 1, 2012 closing, the Company continued to execute restructuring events related to plant closures, workforce reductions and other restructuring initiatives, as well as transaction costs related to the sale of the Canadian operations. Due to these initiatives, the Company recognized \$1.7 million in restructuring, impairment and transaction-related costs for the three months ended March 31, 2012, within discontinued operations in the condensed consolidated statement of operations.

Note 5. Restructuring, Impairment and Transaction-Related Charges

The Company recorded restructuring, impairment and transaction-related charges for the three months ended March 31, 2013 and 2012, as follows:

	Three Months Ended March 31,	
	2013	2012
Employee termination charges	\$ 3.4	\$ 10.4
Impairment charges	3.7	8.4
Transaction-related charges	3.0	1.5
Integration costs	5.4	11.9
Other restructuring charges	10.4	6.0
Total	\$ 25.9	\$ 38.2

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**FOR THE THREE MONTHS ENDED MARCH 31, 2013****(In millions, except share and per share data and unless otherwise indicated)**

The costs related to these activities have been recorded on the condensed consolidated statements of operations as restructuring, impairment and transaction-related charges. See Note 22 for restructuring, impairment and transaction-related charges by segment.

Restructuring Charges

The Company began a restructuring program in 2010 related to eliminating excess manufacturing capacity and properly aligning its cost structure as part of the integration of the July 2, 2010 acquisition of World Color Press Inc. ("World Color Press"). The Company has since expanded its restructuring program to include the cost reduction programs associated with the September 8, 2011 Transcontinental Mexico acquisition, the January 16, 2013 Vertis acquisition as well as other cost reduction programs.

During the three months ended March 31, 2013, the Company announced the closures of the Bristol, Pennsylvania, Dubuque, Iowa, and Vancouver, British Columbia, Canada plants. Since 2010, the Company has announced a total of 18 plant closures and has reduced headcount by approximately 6,500. As a result of these restructuring programs, the Company recorded the following charges for the three months ended March 31, 2013 and 2012:

- Employee termination charges of \$3.4 million and \$10.4 million during the three months ended March 31, 2013, and 2012, respectively. The Company reduced its workforce through facility consolidations and involuntary separation programs.
- Integration costs of \$5.4 million and \$11.9 million during the three months ended March 31, 2013 and 2012, respectively. Integration costs were primarily related to preparing existing facilities to meet new production requirements resulting from work transferring from closed plants, as well as other costs related to the integration of the acquired companies.
- Other restructuring charges of \$10.4 million were recorded by the Company during the three months ended March 31, 2013, which consisted of: (1) \$4.2 million of vacant facility carrying costs, (2) \$2.2 million of equipment and infrastructure removal costs from closed plants and (3) \$4.0 million of lease exit charges. Other restructuring charges of \$6.0 million were recorded by the Company during the three months ended March 31, 2012, which consisted of: (1) \$3.5 million of vacant facility carrying costs, (2) \$2.2 million of equipment and infrastructure removal costs from closed plants and (3) \$0.3 million of other restructuring charges.

The restructuring charges recorded are based on plans that have been committed to by management and are, in part, based upon management's best estimates of future events. Changes to the estimates may require future restructuring charges and adjustments to the restructuring liabilities. The Company expects to incur additional restructuring charges related to these and other initiatives.

Impairment Charges

As a result of plant closures related to capacity reduction restructuring initiatives, certain buildings and equipment are no longer utilized in production. The Company recognized impairment charges of \$3.7 million during the three months ended March 31, 2013, primarily related to the Company's closed Dubuque, Iowa and Vancouver, British Columbia facilities. The Company recognized impairment charges of \$8.4 million during the three months ended March 31, 2012, primarily related to the Company's vacant Pila, Poland facility. The fair values of the impaired assets were determined by the Company to be Level 3 under the fair value hierarchy (see Note 15 for the definition of Level 3 inputs) and were estimated based on broker quotes and internal expertise related to current marketplace conditions. These assets were adjusted to their estimated fair values at the time of impairment.

FOR THE THREE MONTHS ENDED MARCH 31, 2013
(In millions, except share and per share data and unless otherwise indicated)**

Transaction-Related Charges

The Company incurs transaction-related charges primarily consisting of professional service fees related to business acquisition and divestiture activities. The Company recognized transaction-related charges of \$3.0 million (of which \$2.7 million was related to the acquisition of Vertis) and \$1.5 million during the three months ended March 31, 2013 and 2012, respectively. The transaction-related charges were expensed as incurred in accordance with the applicable accounting guidance on business combinations.

Reserves for Restructuring, Impairment and Transaction-Related Charges

Activity impacting the Company's reserves for restructuring, impairment and transaction-related charges for the three months ended March 31, 2013, was as follows:

	Employee Termination Charges	Impairment Charges	Transaction- Related Charges	Integration Costs	Other Restructuring Charges	Total
Balance at December 31, 2012	\$ 6.1	\$ —	\$ 0.9	\$ 3.5	\$ 22.8	\$ 33.3
Expense from continuing operations	3.4	3.7	3.0	5.4	10.4	25.9

Balance at March 31, 2013	<u>\$ 6.3</u>	<u>\$ —</u>	<u>\$ 0.8</u>	<u>\$ 3.9</u>	<u>\$ 24.3</u>	<u>\$ 35.3</u>

These reserves are classified as current liabilities in the condensed consolidated balance sheets as the Company expects to complete these restructuring program actions within the next twelve months.

Note 6. Goodwill and Other Intangible Assets

Goodwill is tested annually for impairment as of October 31, or more frequently if events or changes in circumstances indicate that it is more likely than not that the fair value of a reporting unit is below its carrying value. No indications of impairment were identified during the three months ended March 31, 2013. Goodwill at March 31, 2013 and December 31, 2012, did not include any accumulated impairment losses. No goodwill impairment was recorded during the three months ended March 31, 2013 or 2012.

Activity impacting the Company's goodwill for the three months ended March 31, 2013, was as follows:

	United States Print and Related Services	International	Total
Balance at December 31, 2012	\$ 738.2	\$ 30.4	\$ 768.6

Total	<u>\$ 2,012.9</u>	<u>\$ 1,926.4</u>

Other consists of computer equipment, vehicles, furniture and fixtures, leasehold improvements and communication related equipment.

During the three months ended March 31, 2013, there was a \$137.0 million increase in property, plant and equipment related to the Vertis acquisition (see Note 3).

The Company recorded impairment charges of \$3.7 million and \$8.4 million for the three months ended March 31, 2013 and 2012, respectively, to reduce the carrying amounts of certain buildings and production equipment no longer utilized to fair value (see Note 5).

The Company recognized depreciation expense of \$71.5 million and \$67.8 million for the three months ended March 31, 2013 and 2012, respectively.

Assets Held for Sale from Continuing Operations

Certain closed facilities are considered held for sale. There were no assets held for sale from continuing operations as of March 31, 2013. The net book value of the assets held for sale from continuing operations was \$4.2 million as of December 31, 2012. These assets were valued at their fair value, less the estimated costs to sell. The fair values were determined by the Company to be Level 3 under the fair value hierarchy (see Note 15 for the definition of Level 3 inputs) and were estimated based on broker quotes and internal expertise related to current marketplace conditions. Assets held for sale from continuing operations are included in prepaid expenses and other current assets in the condensed consolidated balance sheets.

Note 9. Restricted Cash

The components of the Company's restricted cash at March 31, 2013 and December 31, 2012, were as follows:

	March 31, 2013	December 31, 2012
Defeasance of unsecured notes to be issued (see Note 12)	\$ 56.3	\$ 60.5
Less: short-term restricted cash	(11.7)	(14.8)

Note 10. Equity Method Investments in Unconsolidated Entities

The Company has a 49% ownership interest in Plural Editora e Gráfica ("Plural"), a commercial printer based in São Paulo, Brazil, and a 50% ownership interest in Quad/Graphics Chile S.A. ("Chile"), a commercial printer based in Santiago, Chile. The Company's ownership interest in Plural and Chile is accounted for using the equity method of accounting for all periods presented. The Company's equity earnings of Plural's and Chile's operations are recorded in equity in earnings of unconsolidated entities in the Company's condensed consolidated statements of operations, and is included within the International segment.

On January 1, 2013, the Company sold 100% of its ownership interest in two wholly-owned Brazilian entities (Quad/Graphics Nordeste Industria Gráfica LTDA. and Quad/Graphics São Paulo Industria Gráfica S.A.) to Plural for a purchase price of \$4.9 million (recorded in receivables in the Company's condensed consolidated balance sheets). The Company recorded a \$1.7 million gain on the sale during the three months ended March 31, 2013, which is recorded within selling, general and administrative expenses in the Company's condensed consolidated statements of operations. As a result of the sale to Plural, the Company no longer controls these entities (the Company now owns 49% of these entities through its ownership interest in Plural), and thus the assets and liabilities of the entities sold have been deconsolidated in accordance with GAAP. Since the sale to Plural, the Company's ownership interest in the results of operations of these entities are included in equity in earnings of unconsolidated entities in the condensed consolidated statements of operations.

The combined condensed statements of operations for Plural and Chile for the three months ended March 31, 2013 and 2012, are presented below:

	Three Months Ended March 31,	
	2013	2012
Net sales	\$ 56.8	\$ 52.6
Operating income	1.8	3.8
Net earnings	0.7	2.3

Note 11. Commitments and Contingencies

Litigation

In the normal course of business, the Company is named as a defendant in various lawsuits in which claims are asserted against the Company. In the opinion of management, the liabilities, if any, which may ultimately result from such lawsuits are not expected to have a material impact on the condensed consolidated financial statements of the Company.

Environmental Reserves

The Company is subject to various laws, regulations and government policies relating to health and safety, to the generation, storage, transportation, and disposal of hazardous substances, and to environmental protection in general. The Company provides for expenses associated with environmental remediation obligations when such amounts are probable and can be reasonably estimated. Such reserves are adjusted as new information develops or circumstances change. The environmental reserves are not discounted. The Company believes it is in compliance with such laws, regulations and government policies in all material respects. Furthermore, the Company does not anticipate that maintaining compliance with such environmental statutes will have a material impact upon the Company's competitive or consolidated financial position.

Note 12. World Color Press Insolvency Proceedings

The Company continues to manage the bankruptcy claim settlement process for the Quebecor World Inc. ("QWI") bankruptcy proceedings in the United States and Canada (QWI changed its name to "World Color Press Inc." upon emerging from bankruptcy on July 21, 2009). To the extent claims are allowed, the holders of such claims are entitled to receive recovery, with the nature of such recovery dependent upon the type and classification of such claims. In this regard, with respect to certain types of claims, the holders thereof are entitled to receive cash and/or unsecured notes, while the holders of

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

 (In millions, except share and per share data and unless otherwise indicated)**

certain other types of claims are entitled to receive a combination of Quad/Graphics common stock and cash, in accordance with the terms of the World Color Press acquisition agreement.

With respect to claims asserted by the holders thereof as being entitled to a priority cash recovery, the Company has estimated that approximately \$2.6 million and \$9.3 million of such recorded claims have yet to be paid as of March 31, 2013 and December 31, 2012, respectively, and this obligation is classified as amounts owing in satisfaction of bankruptcy claims in the condensed consolidated balance sheets.

With respect to unsecured claims held by creditors of the operating subsidiary debtors of Quebecor World (USA) Inc. (the "Class 3 Claims"), each allowed Class 3 Claim will be entitled to receive an unsecured note in an amount not to exceed 50% of such creditor's allowed Class 3 Claim, provided, however, that the aggregate principal amount of all such unsecured notes cannot exceed \$75.0 million. In the event that the total of all allowed Class 3 Claims exceeds \$150.0 million, each creditor holding an allowed Class 3 Claim will receive its pro rata share of \$75.0 million of the unsecured notes issued, together with accrued interest and a 5% prepayment redemption premium thereon (the total of which is \$89.2 million). In connection with the World Color Press acquisition, the Company was required to deposit the maximum potential payout to the Class 3 Claim creditors of \$89.2 million with a trustee, and that amount will remain with the trustee until either (1) it is paid to a creditor for an allowed Class 3 Claim or (2) upon all Class 3 Claims being resolved any excess amount will revert to the Company. In the three months ended March 31, 2013, \$4.2 million was paid to Class 3 Claim creditors. At March 31, 2013, \$56.3 million remains and is classified as restricted cash in the condensed consolidated balance sheets (see Note 9). Based on the Company's analysis of the outstanding claims, the Company has a liability of \$19.6 million at March 31, 2013, classified as unsecured notes to be issued in the condensed consolidated balance sheet.

	Restricted Cash	Unsecured Notes to be Issued
Balance at December 31, 2012	\$ 60.5	\$ 23.8
Class 3 Claim payments during 2013	(4.2)	(4.2)
Balance at March 31, 2013	<u>\$ 56.3</u>	<u>\$ 19.6</u>

While the liabilities recorded for any bankruptcy matters are based on management's current assessment of the amount likely to be paid, it is not possible to identify the final amount of priority cash claims or the amount of Class 3 Claims that will ultimately be allowed by the U.S. Bankruptcy Court. Therefore, amounts owing in satisfaction of bankruptcy claims on the condensed consolidated balance sheet could be materially higher than the amounts estimated, which would require additional cash payments to be made for the amount exceeding the Company's estimate. Amounts payable related to the unsecured notes could reach the maximum aggregate principal amount of \$75.0 million, which would not require an additional cash payment as the maximum potential exposure has already been funded in trust, but would require additional liability and expense to be recorded as the Company's estimate of total Class 3 Claim liability is \$52.5 million (\$32.9 million paid plus the \$19.6 million remaining estimated liability as of March 31, 2013). In light of the substantial number and amount of claims filed, the claims resolution process will take considerable time to complete.

Note 13. Debt

Long-term debt consisted of the following as of March 31, 2013, and December 31, 2012:

	March 31, 2013	December 31, 2012
Master note and security agreement	\$ 551.9	\$ 553.9
Term loan A—\$450.0 million	438.8	444.4

Less: short-term debt and current portion of long-term debt	(118.3)	(113.3)
Long-term debt	<u>\$ 1,366.8</u>	<u>\$ 1,211.7</u>

Based upon the interest rates available to the Company for borrowings with similar terms and maturities, the fair value of the Company's total debt was approximately \$1.5 billion at March 31, 2013. The fair value determination of the Company's total debt was categorized as Level 2 in the fair value hierarchy (see Note 15 for the definition of Level 2 inputs).

As of March 31, 2013, the Company's various lending arrangements included certain financial covenants (all financial terms, numbers and ratios are as defined in the Company's debt agreements). Among these covenants, the Company was required to maintain the following as of March 31, 2013 (for each covenant, the most restrictive measurement has been included below):

- On a rolling twelve-month basis, the total leverage ratio, defined as total consolidated debt to consolidated EBITDA (as defined in the debt agreement), shall not exceed 3.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's leverage ratio was 2.50 to 1.00).
- On a rolling twelve-month basis, the minimum interest coverage ratio, defined as consolidated EBITDA to consolidated cash interest expense, shall not be less than 3.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's interest coverage ratio was 7.62 to 1.00).
- On a rolling twelve-month basis, the fixed charge coverage ratio, defined as consolidated EBITDA and rent expense to interest and rent expense, shall not be less than 1.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's fixed charge coverage ratio was 4.04 to 1.00).
- Consolidated net worth of at least \$780.8 million (as of March 31, 2013, the Company's consolidated net worth under the most restrictive covenant per the various debt agreements was \$1.14 billion).

In addition to those covenants, the \$1.5 billion debt financing agreement also includes certain limitations on acquisitions, indebtedness, liens, dividends and repurchases of capital stock. If the Company's total leverage ratio is greater than 3.00 to 1.00 (total leverage ratio as defined in the debt financing agreement), the Company is prohibited from making greater than \$120.0 million of annual dividend payments, capital stock repurchases and certain other payments. If the total leverage ratio is less than 3.00 to 1.00, there are no such restrictions.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**FOR THE THREE MONTHS ENDED MARCH 31, 2013****(In millions, except share and per share data and unless otherwise indicated)****Note 14. Income Taxes**

The Company records income tax expense on an interim basis. The estimated annual effective income tax rate is adjusted quarterly and items discrete to a specific quarter are reflected in tax expense for that interim period. The effective income tax rate for the interim period can differ from the statutory tax rate, as it reflects changes in valuation allowances due to expected current year earnings or loss and other discrete items, such as changes in the liability for unrecognized tax benefits related to establishment and settlement of income tax exposures.

During the three months ended March 31, 2012, the Company's liability for unrecognized tax benefits was reduced by \$70.9 million, primarily related to settlement of Internal Revenue Service ("IRS") audits. In connection with the settlements, the Company recorded an income tax benefit of \$31.2 million in the condensed consolidated statement of operations. The Company's unrecognized tax benefits did not materially change for the three months ended March 31, 2013. The Company does not anticipate a material change in unrecognized tax benefits within the next 12 months.

Note 15. Financial Instruments and Fair Value Measurements

Certain assets and liabilities are required to be recorded at fair value on a recurring basis, while other assets and liabilities are recorded at fair value on a nonrecurring basis, generally as a result of acquisitions or impairment charges. Fair value is determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. GAAP also classifies the inputs used to measure fair value into the following hierarchy:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3: Unobservable inputs for the asset or liability. There are no Level 3 recurring measurements of assets or liabilities as of March 31, 2013.

The Company records the fair value of its forward contracts and pension plan assets on a recurring basis. The fair value of cash and cash equivalents, receivables, inventories, restricted cash, accounts payable, accrued liabilities and amounts owing in satisfaction of bankruptcy claims approximate their carrying values as of March 31, 2013, and December 31, 2012. See Note 13 for further discussion on the fair value of the Company's debt.

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company is required to record certain assets and liabilities at fair value on a nonrecurring basis, generally as a result of acquisitions or the remeasurement of assets resulting in impairment charges. See Note 3 for further discussion on acquisitions and Note 5 for further discussion on impairment charges recorded as a result of the remeasurement of certain long-lived assets.

The Company has operations in countries that have transactions outside their functional currencies and periodically enters into foreign exchange contracts. These contracts are used to hedge the net exposures of changes in foreign currency exchange rates and are designated as either cash flow hedges or fair value hedges. Gains or losses on net foreign currency hedges are intended to offset losses or gains on the underlying net exposures in an effort to reduce the earnings volatility resulting from fluctuating foreign currency exchange rates.

The Company periodically enters into natural gas forward purchase contracts to hedge against increases in commodity costs. During the three months ended March 31, 2013 and 2012, the Company's commodity contracts qualified for the exception related to normal purchases and sales as the Company takes delivery in the normal course of business.

The Company settled the short-term foreign currency forward exchange contract to hedge exchange rate exposure on the 50.0 million Canadian dollars deposit related to the Transcontinental Mexico acquisition on March 1, 2012 (see Note 4). There were no open foreign currency exchange contracts as of March 31, 2013. For the three months ended March 31, 2013 and 2012, there was no impact of hedge ineffectiveness on the condensed consolidated statements of operations.

Note 17. Pension and Other Postretirement Benefits

The Company sponsors various funded and unfunded pension plans for a portion of its full-time employees in the United States. Benefits are generally based upon years of service and compensation. These plans are funded in conformity with the applicable government regulations. The Company funds at least the minimum amount required for all qualified plans using actuarial cost methods and assumptions acceptable under government regulations. In addition to pension benefits, the Company provides certain healthcare and life insurance benefits for some retired employees.

The components of the net pension (income) expense and net postretirement benefits income from continuing operations for the three months ended March 31, 2013 and 2012, are as follows:

	Three Months Ended March 31,

During the three months ended March 31, 2013, the Company made the following contributions and benefit payments to its defined benefit pension and postretirement plans:

	Three Months Ended March 31, 2013
Contributions on qualified pension plans	\$ 8.6
Benefit payments on non-qualified pension plans	0.2
Benefit payments on postretirement plans	0.1
Total benefit plan payments	\$ 8.9

Multiemployer Pension Plans

The Company has withdrawn from all significant multiemployer pension plans ("MEPPs") and, during 2011, replaced these union sponsored "promise to pay in the future" defined benefit plans with a Company sponsored "pay as you go" defined contribution plan. The two MEPPs, the Graphic Communications International Union – Employer Retirement Fund ("GCIU") and the Graphic Communications Conference of the International Brotherhood of Teamsters National Pension Fund ("GCC"), are significantly underfunded, and will require the Company to pay a withdrawal liability to fund its pro rata share of the underfunding as of the plan year the full withdrawal was completed. As a result of the decision to withdraw, the Company accrued a \$98.6 million estimated withdrawal liability based on information provided by each plan's trustee, as part of the purchase price allocation for World Color Press.

The Company has received notices of withdrawal and demand for payment letters for both the GCIU and GCC plans, which, in total are in excess of the \$98.6 million in reserves established by the Company for the withdrawals. The Company is in the process of determining the final withdrawal payment with both MEPPs' administrators, and the withdrawal liability reserved by the Company is within the range of the Company's estimated potential outcomes. During this process the Company has been making monthly payments as requested by the MEPPs and as required by the Employee Retirement Income Security Act, although such payments do not waive the Company's rights to object to the withdrawal liabilities submitted by the GCIU and GCC plan administrators. As of March 31, 2013, the Company has reserved \$83.8 million as its estimate of the total MEPPs withdrawal liability, of which \$71.3 million is recorded in other long-term liabilities, \$7.0 million is recorded in accrued liabilities and \$5.5 million is recorded as a World Color Press bankruptcy liability in unsecured notes to be issued in the condensed consolidated balance sheet. This estimate may increase or decrease depending on the final agreement with the MEPPs' administrators.

Note 18. Earnings (Loss) Per Share Attributable to Quad/Graphics Common Shareholders

Basic earnings (loss) per share attributable to Quad/Graphics common shareholders is computed by dividing net earnings (loss) attributable to Quad/Graphics common shareholders, which is income excluding the allocation of participating securities, by the weighted average common shares outstanding of 46.8 million shares for both the three months ended March 31, 2013 and 2012. The calculation of a diluted earnings per share amount includes the effect of any dilutive equity incentive instruments. The Company uses the treasury stock method to calculate the effect of outstanding dilutive equity incentive instruments, which requires the Company to compute total proceeds as the sum of (1) the amount the employee must pay upon exercise of the award, (2) the amount of unearned stock-based compensation costs attributed to future services and (3) the amount of tax benefits, if any, that would be credited to additional paid-in capital assuming exercise of the award. Equity incentive instruments for which the total employee proceeds from exercise exceed the average fair value of the same equity incentive instrument over the period have an anti-dilutive effect on earnings per share during periods with net earnings from continuing operations, and accordingly, the Company excludes them from the calculation. Due to the net loss from continuing operations attributable to Quad/Graphics common shareholders incurred during the three months ended March 31, 2013, the assumed exercise of all equity incentive instruments was anti-dilutive and, therefore, not included in the diluted earnings (loss) per share attributable to Quad/Graphics common shareholders calculation. Anti-dilutive equity incentive instruments of 3.2 million class A common shares were excluded from the computations of diluted net earnings (loss) per share for the three months ended March 31, 2012. Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents, whether paid or unpaid, are required to be treated as participating securities and included in

Note 19. Equity Incentive Programs

The shareholders of the Company approved the Quad/Graphics, Inc. 2010 Omnibus Incentive Plan ("Omnibus Plan") for two complimentary purposes: (1) to attract and retain outstanding individuals to serve as directors, officers and employees and (2) to increase shareholder value. The Omnibus plan provides that an aggregate 5,871,652 shares of class A stock reserved for issuance under the Omnibus Plan, subject to adjustments as described in the Omnibus Plan. Awards under the Omnibus Plan may consist of incentive awards, stock options, stock appreciation rights, performance shares, performance share units, shares of class A stock, restricted stock, restricted stock units, deferred stock units or other stock-based awards as determined by the Company's board of directors. Each stock option granted has an exercise price of no less than 100% of the fair market value of the class A stock on the date of grant. As of March 31, 2013, there are 196,724 shares available for issuance under the Omnibus Plan.

The Company recognizes compensation expense, based on estimated grant date fair values, for all share-based awards issued to employees and non-employee directors, including stock options, performance shares, performance share units, restricted stock, restricted stock units and deferred stock units. The Company recognizes these compensation costs for only those awards expected to vest, on a straight-line basis over the requisite service period of the award, which is generally the vesting term of three to four years for performance share and performance share unit awards, restricted stock and restricted stock unit awards, and stock options. The Company estimated the number of awards expected to vest based, in part, on historical forfeiture rates and also based on management's expectations of employee turnover within the specific employee groups receiving each type of award. Forfeitures are estimated at the time of grant and revised, if necessary, in subsequent periods, if actual forfeitures differ from those estimates.

Equity Incentive Compensation Expense

The total compensation expense recognized related to all equity incentive programs was \$5.2 million and \$3.6 million for the three months ended March 31, 2013 and 2012, respectively, and was recorded in selling, general and administrative expenses in the condensed consolidated statements of operations. Total future compensation expense for all equity incentive related to the equity incentive program granted as of March 31, 2013, is approximately \$35.8 million. Estimated future compensation expense is \$13.7 million for 2013, \$16.7 million for 2014, and \$5.4 million for 2015.

Stock Options

Options vest over four years, with no vesting in the first year and one-third vesting upon the second, third and fourth anniversary dates. As defined in the individual grant agreements, acceleration of vesting may occur under a change in control, death, disability or normal retirement of the grantee. Options expire no later than the tenth anniversary of the grant date, twenty-four months after termination for death, thirty-six months after termination for normal retirement or disability and 90 days after termination of employment for any other reason. Options are not credited with dividend declarations, excluding the November 18, 2011 grants. Stock options are only to be granted to employees.

There were no stock options granted under the Omnibus Plan during the three months ended March 31, 2013. The Company granted 448,154 stock options under the Omnibus Plan during the three months ended March 31, 2012, with a weighted average fair value of \$2.25. The fair value of each stock option grant is estimated on the date of grant using the Black-Scholes-Merton option pricing model. The fair market value of the stock options is determined using the following weighted average assumptions:

	2012
Expected volatility	36.7%
Risk-free interest rate	1.3%
Expected life (years)	7
Dividend yield	7.1%

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
FOR THE THREE MONTHS ENDED MARCH 31, 2013
(In millions, except share and per share data and unless otherwise indicated)**

The Company determined expected volatility based on the volatility of comparable company stock. The average risk-free interest rate is based on the United States treasury security rate in effect as of the grant date over the term of the expected life. The expected life is based on the term and vesting period of each grant adjusted for historical experience in vesting.

Compensation expense recognized related to stock options was \$2.5 million and \$2.4 million for the three months ended March 31, 2013 and 2012, respectively. Total future compensation expense for all stock options granted as of March 31, 2013 is estimated to be \$17.9 million. Estimated future compensation expense is \$7.6 million for 2013, \$10.1 million for 2014, and \$0.2 million for 2015.

The following table is a summary of the stock option activity for the three months ended March 31, 2013:

	Shares Under Option	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (years)	Aggregate Intrinsic Value (millions)

Performance Share and Performance Share Units

Performance share ("PS") and performance share unit ("PSU") awards consist of shares or the rights to shares of the Company's class A stock which are awarded to employees of the Company. These shares are payable upon the determination that the Company achieved certain established performance targets and can range from 0% to 200% of the targeted payout based on the actual results. Shares awarded in 2013 have a performance period of three years ending December 31, 2015. As set forth in the individual grant agreements, acceleration of vesting may occur under a change in control, or death, disability or normal retirement of the grantee. Grantees receiving PS or PSU grants receive full credit for dividends during the vesting period. All such dividends will be paid to the grantee within 45 days of full vesting. Upon vesting, PSUs will be settled either through cash payment equal to the fair market value of the PSUs on the vesting date or through issuance of Company class A stock. There are no voting rights with these instruments until vesting occurs and a share of stock is issued.

Nonvested at March 31, 2013	<u>370,062</u>	\$ 20.39	2.8	<u>16,208</u>	\$ 20.50	2.7

During the three months ended March 31, 2013, PS awards of 389,930 shares and PSU awards of 16,208 units were granted at a weighted-average grant date fair value of \$20.39 and \$20.50, respectively. On the grant dates, the target number of shares ("target shares") was granted. During the performance period, the target shares will be earned or forfeited, and additional shares, up to the maximum number of shares, may be granted at the end of the performance period. The potential payouts for nonvested awards at March 31, 2013 range from zero to 772,540 awards should certain performance targets be achieved. There were no PS or PSU awards granted during the three months ended March 31, 2012. All of the PS shares and the PSUs will vest at the end of the performance period, provided the holder of the share is continuously employed by the Company until the vesting date.

Compensation expense for awards granted are recognized based on the targeted payout of 100.0%, net of estimated forfeitures. Compensation expense recognized related to PS and PSUs was \$0.6 million for the three months ended March 31, 2013. There was no compensation expense recognized related to PS and PSUs for the three months ended March 31, 2012. Total future compensation expense for all PS and PSUs granted as of March 31, 2013 is estimated to be \$6.9 million. Estimated future compensation expense is \$1.9 million for 2013, \$2.5 million for 2014, and \$2.5 million for 2015.

Restricted Stock, Restricted Stock Units and Deferred Stock Units

Restricted stock ("RS") and restricted stock unit ("RSU") awards consist of shares or the rights to shares of the Company's class A stock which are awarded to employees of the Company. The awards are restricted such that they are subject to substantial risk of forfeiture and to restrictions on their sale or other transfer by the employee. RSU awards are typically granted to eligible employees outside of the United States. As defined in the individual grant agreements, acceleration of vesting may occur under a change in control, or death, disability or normal retirement of the grantee. Grantees receiving RS grants are able to exercise full voting rights and receive full credit for dividends during the vesting period. All such dividends will be paid to the RS grantee within 45 days of full vesting. Grantees receiving RSUs granted prior to January 1, 2012 are not entitled to vote and do not earn dividend equivalents. Grantees receiving RSUs on or after January 1, 2012 are not entitled to vote but do earn dividends equivalents. Upon vesting, RSUs will be settled either through cash payment equal to the fair market value of the RSUs on the vesting date or through issuance of Company class A stock.

During the three months ended March 31, 2013, RS awards of 408,146 shares and RSU awards of 32,671 units were granted at a grant date fair value of \$20.39 and \$20.72, respectively. During the three months ended March 31, 2012, RS awards of 310,651 shares and RSU awards of 15,760 units were granted at a grant date fair value of \$14.34. All of the RS shares and the RSUs will vest on the third anniversary of the grant date, provided the holder of the share is continuously employed by the Company until the vesting date. Compensation expense recognized related to RS and RSUs was \$1.4 million and \$0.8 million for the three months ended March 31, 2013 and 2012, respectively. Total future compensation expense for all RS and RSUs granted as of March 31, 2013 is estimated to be \$11.0 million. Estimated future compensation expense is \$4.2 million for 2013, \$4.1 million for 2014, and \$2.7 million for 2015.

The Company granted 33,115 and 31,525 deferred stock units ("DSU") during the three months ended March 31, 2013 and 2012, respectively, at a grant date fair value of \$20.39 and \$14.34, respectively. The deferred stock units are fully vested on the grant date. Each DSU entitles the grantee to receive one share of class A stock upon the earlier of the separation date of the grantee or the second anniversary of the grant date, but could be subject to acceleration for a change in control or death or disability as defined in the individual DSU grant agreement. Grantees of DSUs may not exercise voting rights, but are credited with dividend equivalents and those dividend equivalents will be converted into additional DSUs based on the closing price of the class A stock. Dividend equivalents were granted during the three months ended March 31, 2013 and 2012 of 938 and 755 units, respectively. As of March 31, 2013 and December 31, 2012, 76,505 and 50,705 deferred stock units were outstanding. The compensation expense recorded for these awards was \$0.7 million and \$0.4 million for the three months ended March 31, 2013 and 2012, respectively. As these awards were fully vested on the grant date, all compensation expense was recognized at the date of grant.

Other information

Authorized unissued shares or treasury shares may be used for issuance under the Company's equity incentive programs. The Company intends to use treasury shares of its class A stock to meet the stock requirements of its awards in the future.

Note 22. Segment Information

The Company operates primarily in the commercial print portion of the printing industry, with related product and service offerings designed to offer customers complete solutions for communicating their messages to target audiences. All United States Print and Related Services segment amounts have been restated to exclude the Canadian discontinued operations. The Company's operating and reportable segments are aligned with how the chief operating decision maker of the Company currently manages the business. The Company's reportable and operating segments and their product and service offerings are summarized below:

United States Print and Related Services

The United States Print and Related Services segment is predominantly comprised of the Company's United States printing operations. This segment is managed as one integrated platform and includes retail inserts, catalogs, consumer magazines, special interest publications, journals, direct mail, books, directories, in-store marketing, packaging and other commercial and specialty printed products, together with the related service offerings, including marketing strategy, media planning and placement, data insights, creative services, videography, photography, workflow solutions, digital imaging, digital publishing, interactive print solutions such as image recognition, augmented reality and near field communication, and response data analytics services, mailing, distribution, logistics and data optimization and hygiene services. This segment also includes the design, development, manufacture and service of printing-related auxiliary equipment, as well as the manufacture of ink.

International

The International segment consists of the Company's printing operations in Europe and Latin America. This segment provides printed products and related services consistent with the United States Print and Related Services segment, with the exception of printing-related auxiliary equipment, which is included in the United States Print and Related Services segment.

Corporate

The Corporate segment consists of unallocated general and administrative activities and associated expenses including, in part, executive, legal, finance, information technology and human resources.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion of the financial condition and results of operations of Quad/Graphics should be read together with (1) the Quad/Graphics condensed consolidated financial statements for the three months ended March 31, 2013 and 2012, including the notes thereto, included elsewhere in this report and (2) the audited consolidated annual financial statements as of and for the year ended December 31, 2012, and notes thereto included in the Company's Annual Report on Form 10-K filed with the SEC on March 8, 2013.

Management's discussion and analysis of financial condition and results of operations is provided as a supplement to the Company's condensed consolidated financial statements and accompanying notes to help provide an understanding of the Company's financial condition, the changes in the Company's financial condition and the Company's results of operations. This discussion and analysis is organized as follows:

- *Cautionary Statement Regarding Forward-Looking Statements.*
- *Overview.* This section includes a general description of the Company's business and segments, an overview of key performance metrics the Company's management measures and utilizes to evaluate business performance, and an overview of trends affecting the Company, including management's actions related to the trends.
- *Results of Operations.* This section contains an analysis of the Company's results of operations by comparing the results for the three months ended March 31, 2013, to the three months ended March 31, 2012. The comparability of the Company's results of operations between periods was impacted by the January 16, 2013 acquisition of Vertis. Forward-looking statements providing a general description of recent and projected industry and company developments that are important to understanding the Company's results of operations are included in this section. This section also provides a discussion of EBITDA and EBITDA margin, non-GAAP financial measures that the Company uses to assess the performance of its business.
- *Liquidity and Capital Resources.* This section provides an analysis of the Company's capitalization and cash flows. The cash flows of the Company's Canadian operations have not been reported as discontinued operations and are included in all cash flow analysis. Forward-looking statements important to understanding the Company's financial condition are also included in this section. This section also provides a discussion of Free Cash Flow, a non-GAAP financial measure the Company uses to assess liquidity and capital deployment.
- *New Accounting Pronouncements.* This section provides a discussion of new accounting pronouncements and the anticipated impact of those accounting pronouncements to the Company's condensed consolidated financial statements.

Cautionary Statement Regarding Forward-Looking Statements

To the extent any statements in this Quarterly Report on Form 10-Q contain information that is not historical, these statements are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements relate to, among other things, the objectives, goals, strategies, beliefs, intentions, plans, estimates, prospects, projections and outlook of the Company, and can generally be identified by the use of words such as "may", "will", "expect", "intend", "estimate", "anticipate", "plan", "foresee", "believe" or "continue" or the negatives of these terms, variations on them and other similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements.

These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond the control of the Company. These risks, uncertainties and other factors could cause actual results to differ materially from those expressed or implied by those forward-looking statements. Among risks, uncertainties and other factors that may impact Quad/Graphics are those described in Part I, Item 1A, "Risk Factors," of the Company's 2012 Annual Report on Form 10-K, filed with the SEC on March 8, 2013, as may be amended or supplemented in Part II, Item 1A, "Risk Factors," of the Company's subsequently filed Quarterly Reports on Form 10-Q (including this report), and the following:

- The impact of significant overcapacity in the highly competitive commercial printing industry, which creates downward pricing pressure and fluctuating demand for printing services;

- The inability of the Company to reduce costs and improve operating efficiency rapidly enough to meet market conditions;
- The impact of electronic media and similar technological changes including digital substitution by consumers;
- The impact of changing future economic conditions;
- The failure to renew long-term contracts with clients on favorable terms or at all;
- The failure of clients to perform under long-term contracts due to financial or other reasons or due to client consolidation;
- Failure to successfully identify, manage, complete and integrate acquisitions and investments, including the integration of the operations of Vertis;
- The impact of changes in postal rates, service levels or regulation;
- The impact of fluctuations in costs (including labor-related costs, energy costs, freight rates and raw materials) and the impact of fluctuations in the availability of raw materials;
- The impact of increased business complexity as a result of the Company's entry into additional markets;
- The impact of regulatory matters and legislative developments or changes in laws, including changes in privacy and environmental laws;
- Significant capital expenditures may be needed to maintain the Company's platform and processes and to remain technologically and economically competitive; and
- The impact on Quad/Graphics class A common shareholders of a limited active market for Quad/Graphics common stock and the inability to independently elect directors or control decisions due to the class B common stock voting rights.

Quad/Graphics cautions that the foregoing list of risks, uncertainties and other factors is not exhaustive and you should carefully consider the other factors detailed from time to time in Quad/Graphics' filings with the SEC and other uncertainties and potential events when reviewing the Company's forward-looking statements.

Because forward-looking statements are subject to assumptions and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. You are cautioned not to place undue reliance on such statements, which speak only as of the date of this Quarterly Report on Form 10-Q. Except to the extent required by the federal securities laws, Quad/Graphics undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Overview

Business Overview

Quad/Graphics is a leading global printer and media channel integrator. The Company believes it is well-positioned to help its clients integrate new, emerging media with proven channels such as print as part of an overall multichannel marketing strategy. With consultative ideas, worldwide capabilities, leading-edge technology and single-source simplicity, the Company believes it has the resources and knowledge to help its clients maximize the revenue they derive from their marketing spend and minimize their total cost of print production and distribution. The Company's print and related products and services in North America, Latin America and Europe primarily include:

- *Print Solutions.* Includes retail inserts, catalogs, consumer magazines, special interest publications, journals, direct mail, books, directories, in-store marketing, packaging and other commercial and specialty printed products.

- *Media Solutions.* Includes marketing strategy, media planing and placement, data insights, creative services, videography, photography, workflow solutions, digital imaging, digital publishing, interactive print solutions and augmented reality triggered by image recognition, near field communication and response data analytics services.
- *Logistics Services.* Includes mailing, distribution, logistics and data optimization and hygiene services.

Quad/Graphics remains focused on four primary strategic goals, which it believes will allow the Company to be successful despite ongoing economic and industry challenges. These goals are as follows:

- *Transform the Industry.* The Company believes it is well-positioned to transform the industry in the following three ways: (1) Maximize the revenue clients derive from their marketing spend through media channel integration. As a printer and media channel integrator, Quad/Graphics uses a client-centric approach to help marketers and publishers connect strategy and content with multiple media channels to create measurable client value. Through its full range of integrated solutions, Quad/Graphics' clients benefit from better end user engagement, improved response and increased revenue derived from multichannel marketing campaigns. (2) Minimize clients' total cost of production and distribution by utilizing an efficient, innovative and fully-integrated U.S. national distribution network to provide enhanced value to clients through increased efficiency and postal cost-savings. (3) Create opportunity through disciplined, value-driven industry consolidation that adds complementary capabilities, allowing the Company to provide an enhanced range of products and services, and create significant efficiencies in the overall print production and distribution processes.
- *Maximize Operational and Technological Excellence.* Quad/Graphics utilizes a disciplined return on capital framework to make significant investments in its print manufacturing platform, research and development, technological innovation and data management capabilities, resulting in what it believes is one of the most integrated, automated, efficient and modern platforms in the industry.
- *Empower, Engage and Develop Employees.* Quad/Graphics believes that its distinct corporate culture encourages an organization-wide entrepreneurial spirit and an opportunistic mentality, where employees embrace responsibility, take ownership of projects and are encouraged to create solutions that advance the Company's strategic goals.
- *Enhance Financial Strength.* Given current economic and industry challenges, Quad/Graphics believes that its strategy to enhance financial strength will contribute to its long-term success. Key components of this strategy are centered on the Company's disciplined financial approach to maximize earnings and free cash flow; use of consistent financial policies to ensure it maintains a strong balance sheet and liquidity levels; and ability to retain the financial flexibility needed to strategically allocate and deploy capital.

The Company's operating and reportable segments are aligned with how the chief operating decision maker of the Company currently manages the business. The Company has three reportable segments: United States Print and Related Services, International and Corporate.

The United States Print and Related Services segment is predominantly comprised of the Company's United States printing operations. This segment is managed as one integrated platform and includes all of the product and related service offerings described above. The United States Print and Related Services segment accounted for approximately 89% of the Company's consolidated net sales during the three months ended March 31, 2013.

The International segment consists of the Company's printing operations in Europe and Latin America. This segment produces and delivers all of Quad/Graphics' product and service offerings in Europe and Latin America, with the exception of printing-related auxiliary equipment, which is included in the United States Print and Related Services segment. The International segment accounted for approximately 11% of the Company's consolidated net sales during the three months ended March 31, 2013.

The Corporate segment consists of unallocated general and administrative activities and associated expenses including, in part, executive, legal, finance, information technology and human resources.

Key Performance Metrics Overview

The Company's management believes the ability to generate net sales growth, profit increases and positive cash flow are key indicators of the successful execution of the Company's business strategy and will increase shareholder value. The Company uses period over period net sales growth, EBITDA, EBITDA margin, net cash provided by operating activities and Free Cash Flow as metrics to measure operating performance, financial condition and liquidity. EBITDA, EBITDA margin and Free Cash Flow are non-GAAP financial measures (see the definitions of EBITDA, EBITDA margin and the reconciliation of net earnings (loss) attributable to Quad/Graphics common shareholders to EBITDA in the "Results of Operations" section below, and see the definition of Free Cash Flow and the reconciliation of net cash provided by operating activities to Free Cash Flow in the "Liquidity and Capital Resources" section below).

Net sales growth. The Company uses period over period net sales growth as a key performance metric. The Company's management assesses net sales growth based on the ability to generate increased net sales through increased sales to existing clients, sales to new clients, sales of new or expanded solutions to existing and new clients and opportunities to expand sales through strategic investments, including acquisitions.

EBITDA and EBITDA margin. The Company uses EBITDA and EBITDA margin as metrics to assess operating performance. The Company's management assesses EBITDA and EBITDA margin based on the ability to increase revenues while controlling variable expense growth.

Net cash provided by operating activities. The Company uses net cash provided by operating activities as a metric to assess liquidity. The Company's management assesses net cash provided by operating activities based on the ability to meet recurring cash obligations while increasing available cash to fund integration and restructuring requirements related to the acquired Vertis operations and other cost reduction activities, as well as to fund capital expenditures, debt services requirements, World Color Press single employer pension plan contributions, World Color Press MEPP's withdrawal liabilities, acquisitions and other investments in future growth and shareholder dividends. Net cash provided by operating activities can be significantly impacted by the timing of non-recurring or infrequent receipts or expenditures.

Free Cash Flow. The Company uses Free Cash Flow as a metric to assess liquidity and capital deployment. The Company's management assesses Free Cash Flow as a measure to quantify cash available for strategic capital allocation and deployment through investments in the business, including acquisitions, strengthening the balance sheet, including debt and pension repayment, and returning cash to the shareholders, including dividends and share repurchases. The priorities for capital allocation and deployment will change as circumstances dictate for the business, and Free Cash Flow can be significantly impacted by the Company's restructuring activities and other unusual items, such as payments related to completing the World Color Press bankruptcy process.

Overview of Trends Affecting Quad/Graphics

Competition in the highly fragmented printing industry remains intense as the industry is consolidating and has excess manufacturing capacity, resulting in continued downward pricing pressures in the printing industry. In addition, digital delivery of documents and data, including the online distribution and hosting of media content and mobile technologies, offer alternatives to traditional delivery of printed documents. Increasing consumer acceptance of digital delivery of content has resulted in marketers and publishers allocating their marketing and advertising spend across the expanding selection of digital delivery options, which further reduces demand and contributes to industry overcapacity. In addition, the Company faces competition from print management firms, which look to streamline processes and reduce the overall print spend of the Company's clients, as well as from strategic marketing firms focused on helping businesses integrate multiple channels into their marketing campaigns.

The Company believes that a disciplined approach for capital management and a strong balance sheet are critical to be able to invest in profitable growth opportunities and technological advances, thereby providing the highest return for shareholders. Management currently is balancing the use of cash between deleveraging the Company's balance sheet (through reduction in debt and pension and postretirement obligations), compelling investment opportunities and returns to shareholders (including a quarterly shareholder dividend of \$0.30 per share, a \$2.00 per share special dividend paid in December 2012, and a share repurchase program approved in the third quarter of 2011). There were no purchases under the share repurchase program during the three months ended March 31, 2013. The Company increased consolidated debt and capital leases by \$160 million at March 31, 2013, as compared to December 31, 2012, due primarily to the \$237.4 million of net cash paid for the Vertis acquisition in January 2013. However, since the Company completed the World Color acquisition in July 2010, the Company has reduced debt and capital leases by \$285 million and has reduced pension and postretirement obligations by \$182 million.

The Company has been working diligently to lower its cost structure by consolidating its manufacturing platform into its most efficient facilities, as well as realizing purchasing, mailing and logistics efficiencies by centralizing and consolidating print manufacturing volumes and eliminating redundancies in its administrative and corporate operations. These efforts include the deployment of the Company's Smarttools® platform to streamline workflows and improve data visibility across the consolidated platform. In addition, restructuring actions initiated by the Company beginning in 2010 through March 31, 2013 have resulted in the announcement of 18 plant closures and have reduced headcount by approximately 6,500.

Upon completion of the January 2013 acquisition of Vertis, the Company began to integrate the operations, technologies, products and services in order to realize synergy savings. Restructuring actions initiated by the Company in order to realize the anticipated synergy savings will result in additional costs, but the Company's integration goal is to maintain a ratio of less than one dollar of cost for each dollar of synergy savings achieved.

In addition to cost savings through acquisition-related synergies, the Company continues its focus on cost reductions through Lean Manufacturing and Continuous Improvement initiatives in order to achieve improved efficiencies, reduce waste, lower overall operating costs, enhance quality and timeliness and create a safer work environment for the Company's employees.

In this increasingly multichannel marketplace, the Company believes that the printing industry will need to make capital investments in new technologies, such as those to deliver targeted and customized print solutions and to deploy multichannel marketing campaigns through the integration of new media. The Company believes its ongoing commitment to technology has been paramount in delivering high-quality and relevant offerings to its customers. The Company invested \$28 million in capital projects during the three months ended March 31, 2013, and intends to invest a total of \$150 million to \$175 million in new capital projects in 2013.

When making capital investment decisions, management undertakes a thorough process aimed at driving the strongest contribution to long-term profitability, whether those are fixed asset additions as discussed above, organic growth opportunities, acquisitions or divestitures. Some recent examples of the Company's acquisition and divestiture activity is as follows:

- On January 16, 2013, the Company completed its acquisition of substantially all of the assets of Vertis, a provider of retail advertising inserts, direct marketing and in-store marketing solutions, for \$267.4 million, which included the payment of \$97.4 million for net current assets that were in excess of normalized working capital requirements, for a net purchase price of \$170.0 million. The Company believes the acquisition of Vertis will strengthen and expand its client offering with an enhanced range of products and services within its United States commercial printing segment and increased manufacturing flexibility and distribution efficiencies from an extended geographic footprint in the United States. For additional information regarding this acquisition, see Note 3, "Acquisitions and Strategic Investments," to the condensed consolidated financial statements in Item 1, "Condensed Consolidated Financial Statements (Unaudited)," of this Quarterly Report on Form 10-Q.
- On March 28, 2012, the Company entered into a strategic partnership with India-based ManipalTech through the purchase of a minority equity ownership interest. ManipalTech is one of India's largest providers of printing services and supports clients' marketing, branding and communication needs through print services and technology solutions. The strategic investment expanded Quad/Graphics' geographic reach to Asia and broadened its product and service scope.
- On March 1, 2012, the Company and Transcontinental completed a business exchange transaction pursuant to which Quad/Graphics acquired Transcontinental's Mexican operations in exchange for the Company's Canadian operations. As part of the Canadian transaction, Transcontinental assumed pension and post-retirement obligations pertaining to the Canadian employees. With the acquisition of Transcontinental's Mexican operations, the Company believes it will be able to create an industry-leading print platform in an economy with a higher growth rate than that of Canada, and also achieve beneficial synergy savings through operational consolidation. The Company completed the acquisition of Transcontinental's Mexican operations on September 8, 2011, and completed the sale of its Canadian operations to Transcontinental on March 1, 2012.

The Company is subject to seasonality in its quarterly results as net sales and operating income are typically higher in the third and fourth quarters of the calendar year as compared to the first and second quarters. Seasonality is driven by increased magazine advertising page counts, retail inserts, catalogs and books primarily due to back-to-school and holiday

related advertising and promotions. With the acquisition of Vertis, the Company expects increased seasonality in 2013 as the majority of Vertis revenues are derived from retail inserts, primarily printed in the second half of the year.

The Company's market capitalization can be affected by, among other things, changes in industry or market conditions, changes in results of operations and changes in forecasts or market expectations related to future results. The Company's management believes continued uncertain macroeconomic conditions globally and in the print industry contributed to volatility in the Company's market capitalization. However, the Company believes that volatility in the Company's market capitalization may not necessarily reflect the Company's actual operating performance, cash flows, financial condition and/or liquidity. If the Company's market capitalization remains below the Company's carrying value for a sustained period of time, an interim goodwill impairment test may need to be performed and may result in a non-cash goodwill impairment. A non-cash goodwill impairment charge would have the effect of decreasing the Company's earnings or increasing the Company's losses in the period in which the impairment charge is taken.

Results of Operations for the Three Months Ended March 31, 2013, Compared to the Three Months Ended March 31, 2012

Summary Results

The Company's operating income (loss) from continuing operations, operating margin, net earnings (loss) attributable to Quad/Graphics common shareholders and diluted earnings (loss) per share attributable to Quad/Graphics common shareholders for the three months ended March 31, 2013, changed from the three months ended March 31, 2012, as follows (dollars in millions, except per share data):

	Operating Income (Loss) from Continuing Operations	Operating Margin	Net Earnings (Loss) Attributable to Quad/Graphics Common Shareholders	Earnings (Loss) Per Share Attributable to Quad/ Graphics Common Shareholders— Diluted

For the Three Months Ended March 31, 2013	<u>\$ (0.9)</u>	<u>(0.1)%</u>	<u>\$ (14.0)</u>	<u>\$ (0.31)</u>

(1) Restructuring, impairment and transaction-related charges of \$25.9 million incurred during the three months ended March 31, 2013, included:

- a. \$3.4 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs;
- b. \$3.7 million of impairment charges related to machinery and equipment no longer being utilized in production as a result of facility consolidations;
- c. \$3.0 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the acquisition of Vertis;
- d. \$5.4 million of acquisition-related integration costs; and
- e. \$10.4 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.

The Company expects to incur additional restructuring and integration costs in future reporting periods in connection with the restructuring program that began in 2010 related to eliminating excess manufacturing capacity and properly aligning its cost structure as part of the integration of the July 2, 2010 World Color Press acquisition, the September 8, 2011 Transcontinental Mexico acquisition, the January 16, 2013 Vertis acquisition, and other cost reduction programs.

(2) Restructuring, impairment and transaction-related charges of \$38.2 million incurred during the three months ended March 31, 2012, included:

- a. \$10.4 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs;
- b. \$8.4 million of impairment charges for certain buildings and equipment no longer being utilized in production as a result of facility consolidations, primarily related to the Company's vacant Pila, Poland facility;

- c. \$1.5 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the transaction with Transcontinental;
 - d. \$11.9 million of acquisition-related integration costs; and
 - e. \$6.0 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.
- (3) Interest expense increased \$0.5 million (\$0.3 million, net of tax) during the three months ended March 31, 2013, to \$21.9 million. This change was due to a \$137.5 million increase in debt as of March 31, 2013, as compared to March 31, 2012, primarily related to the \$267.4 million purchase price for the Vertis acquisition, partially offset by a lower weighted average interest rate on borrowings.
- (4) Income tax benefit decreased \$25.3 million due primarily to the settlement of IRS audits in 2012, which resulted in an income tax benefit of \$31.2 million during the three months ended March 31, 2012, that did not recur in 2013. These 2012 benefits were partially offset by approximately \$5 million of increased tax expense, primarily related to losses in foreign jurisdictions where the Company does not receive a tax benefit. See Note 14, "Income Taxes," to the condensed consolidated financial statements in Item 1, "Condensed Consolidated Financial Statements (Unaudited)," of this Quarterly Report on Form 10-Q for additional information.
- (5) Loss from discontinued operations of \$3.2 million, net of tax, for the three months ended March 31, 2012, did not recur in the three months ended March 31, 2013, due to the completion of the sale of the Company's Canadian operations to Transcontinental on March 1, 2012.
- (6) Gain on disposal of discontinued operations, net of tax, was \$35.3 million during the three months ended March 31, 2012, due to the completion of the sale of the Company's Canadian operations to Transcontinental on March 1, 2012.
- (7) Operating income decreased \$15.1 million primarily due to a decline in earnings from the United States Print and Related Services segment related to lower print volumes and lower print pricing as a result of continued pricing pressure from excess manufacturing capacity in the printing industry, partially offset by the margin impact of incremental net sales related to the Vertis acquisition. The following discussion provides additional details.

Operating Results from Continuing Operations

The following table sets forth certain information from the Company's condensed consolidated statements of operations on an absolute dollar basis and as a relative percentage of total net sales for each noted period, together with the relative percentage change in such information between the periods set forth below:

Net Sales

Product sales increased \$107.3 million, or 12.3%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to increased product sales related to the Vertis acquisition, partially offset by lower print volumes, lower print pricing (as a result of continued pricing pressure from excess manufacturing capacity in the printing industry) and lower paper sales from product lines owned more than one year.

Service sales, which primarily consist of imaging, logistics and distribution services, increased \$32.6 million, or 28.5%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to additional service sales from logistics and distribution services and media solutions related to the Vertis acquisition.

Cost of Sales

Cost of product sales increased \$114.7 million, or 16.7%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, primarily due to the Vertis acquisition, partially offset by lower cost of sales from the decrease in sales from product lines owned more than one year, Vertis integration synergy savings and other cost reduction activities.

Cost of product sales as a percentage of net sales increased from 69.4% for the three months ended March 31, 2012, to 70.9% for the three months ended March 31, 2013, primarily due to the Vertis acquisition, which operates with lower gross margins than the Company's historical gross margins, and lower print pricing as a result of continued pricing pressure from excess manufacturing capacity in the pricing industry. The increase in cost of product sales as a percentage of net sales was partially offset by synergy savings related to the Vertis integration and other cost reduction activities.

Cost of service sales increased \$22.2 million, or 25.8%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, primarily due to additional cost of service sales related to the Vertis acquisition.

Cost of service sales as a percentage of net sales increased from 8.7% for the three months ended March 31, 2012, to 9.6% for the three months ended March 31, 2013, primarily due to the Vertis acquisition, which operates with lower gross margins than the Company's historical gross margins.

Selling, General and Administrative Expenses

Selling, general and administrative expenses increased \$13.9 million, or 15.1%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, primarily due to additional selling, general and administrative expenses related to the Vertis acquisition, partially offset by a \$1.7 million gain on the sale of Quad/Graphics Nordeste Industria Gráfica LTDA. and Quad/Graphics São Paulo Industria Gráfica S.A. Selling, general and administrative expenses as a percentage of net sales increased from 9.3% to 9.4% between periods due to the items discussed in the preceding sentence.

Restructuring, Impairment and Transaction-Related Charges

Restructuring, impairment and transaction-related charges decreased \$12.3 million, or 32.2%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, primarily due to a \$7.0 million decrease in employee termination charges, a \$6.5 million decrease in acquisition-related integration costs, and a \$4.7 million decrease in impairment charges, partially offset by a \$4.4 million increase in other restructuring costs and a \$1.5 million increase in transaction-related charges.

Restructuring, impairment and transaction-related charges of \$25.9 million incurred in the three months ended March 31, 2013, included: (1) \$3.4 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs, (2) \$3.7 million of impairment charges related to machinery and equipment no longer being utilized in production as a result of facility consolidations, (3) \$3.0 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the acquisition of Vertis, (4) \$5.4 million of integration costs primarily related to preparing existing facilities to meet new production requirements resulting from work transferring from closed plants, as well as other costs related to the integration of the acquired companies and (5) \$10.4 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.

Restructuring, impairment and transaction-related charges of \$38.2 million incurred in the three months ended March 31, 2012, included: (1) \$10.4 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs, (2) \$8.4 million of impairment charges related to certain buildings and equipment no longer being utilized in production as a result of facility consolidations, primarily related to the Company's vacant Pila, Poland facility (3) \$1.5 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the transaction with Transcontinental, (4) \$11.9 million of integration costs primarily related to preparing existing facilities to meet new production requirements resulting from work transferring from closed plants, as well as other costs related to the integration of the acquired companies and (5) \$6.0 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.

Depreciation and Amortization

Depreciation and amortization increased \$4.2 million, or 5.0%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, due primarily to additional depreciation and amortization related to the Vertis acquisition, partially offset by an overall reduction from the impact of the Company's restructuring activities to reduce manufacturing capacity and the related fixed costs over the past two years.

EBITDA and EBITDA Margin—Consolidated

EBITDA and EBITDA margin for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, were as follows:

	Three Months Ended March 31,			
	2013		2012	
	Amount	% of Net Sales	Amount	% of Net Sales
	(dollars in millions)			
EBITDA and EBITDA margin	\$ 88.2	7.8%	\$ 119.6	12.1%

EBITDA decreased \$31.4 million for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to a \$35.3 million gain on the disposal of the Canadian discontinued operations recorded during the three months ended March 31, 2012, that did not recur in 2013 and \$13.9 million of increased selling, general and administrative expenses primarily related to the Vertis acquisition. These impacts were partially offset by the margin impact of a \$139.9 million, or 14.1%, increase in net sales, \$12.3 million of decreased restructuring, impairment and transaction-related charges and a \$3.2 million loss from discontinued operations recorded during the three months ended March 31, 2012, that did not recur in 2013 (due to the sale of the Canadian discontinued operations on March 1, 2012).

EBITDA represents net earnings (loss) attributable to Quad/Graphics common shareholders, plus (i) interest expense, (ii) income tax expense (if applicable) and (iii) depreciation and amortization, and less income tax benefit (if applicable). EBITDA margin represents EBITDA as a percentage of net sales. EBITDA and EBITDA margin are presented to provide additional information regarding Quad/Graphics' performance and because both are important measures by which Quad/Graphics gauges the profitability and assesses the performance of its business. EBITDA and EBITDA margin are not measures of financial performance in accordance with GAAP. EBITDA and EBITDA margin should not be considered alternatives to net earnings (loss) as a measure of operating performance or to cash flows provided by operating activities as a measure of liquidity. Quad/Graphics' calculation of EBITDA and EBITDA margin may be different from the calculations used by other companies and therefore comparability may be limited. A reconciliation of EBITDA to net earnings (loss) attributable to Quad/Graphics common shareholders follows:

	Three Months Ended March 31,	
	2013	2012
	(dollars in millions)	
Net Earnings (Loss) Attributable to Quad/Graphics Common Shareholders ⁽¹⁾	\$ (14.0)	\$ 47.4
Interest Expense	21.9	21.4
Income Tax Benefit	(8.5)	(33.8)
Depreciation and Amortization	88.8	84.6
EBITDA	\$ 88.2	\$ 119.6

(1) Net earnings (loss) attributable to Quad/Graphics common shareholders includes the effects of:

- a. Restructuring, impairment and transaction-related charges of \$25.9 million and \$38.2 million for the three months ended March 31, 2013, and 2012, respectively;
- b. Loss from discontinued operations, net of tax, was \$3.2 million for the three months ended March 31, 2012. EBITDA from discontinued operations was \$3.2 million for the three months ended March 31, 2012, and include restructuring, impairment and transaction-related charges of \$1.7 million for the three months ended March 31, 2012; and
- c. Gain on disposal of discontinued operations, net of tax, was \$35.3 million for the three months ended March 31, 2012.

United States Print and Related Services

The following table summarizes net sales, operating income, operating margin and certain items impacting comparability within the United States Print and Related Services segment:

	Three Months Ended March 31,			
	2013		2012	
	(dollars in millions)			
	Amount	Amount	\$ Change	% Change
Net Sales:				
Products	\$ 864.2	\$ 751.6	\$ 112.6	15.0 %
Services	145.0	111.7	33.3	29.8 %
Operating Income (including Restructuring, Impairment and Transaction-Related Charges)	22.1	33.7	(11.6)	(34.4)%
Operating Margin	2.2%	3.9%	N/A	N/A
Restructuring, Impairment and Transaction-Related Charges	\$ 15.7	\$ 14.3	\$ 1.4	9.8 %

Net Sales

Product sales for the United States Print and Related Services segment increased \$112.6 million, or 15.0%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to additional product sales related to the Vertis acquisition, partially offset by lower print volumes, lower print pricing (as a result of continued

pricing pressure from excess manufacturing capacity in the printing industry) and lower paper sales from product lines owned more than one year.

Service sales for the United States Print and Related Services segment increased \$33.3 million, or 29.8%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to additional service sales from logistics and distribution services and media solutions related to the Vertis acquisition.

Operating Income

Operating income for the United States Print and Related Services segment decreased \$11.6 million, or 34.4%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to lower print pricing as a result of continued pricing pressure from excess manufacturing capacity in the printing industry, \$8.3 million in increased repair and maintenance costs and \$1.4 million in increased restructuring, impairment and transaction-related charges.

Operating margin for the United States Print and Related Services segment decreased from 3.9% for the three months ended March 31, 2012, to 2.2% for the three months ended March 31, 2013, primarily due to the Vertis acquisition, which operates with lower gross margins than the Company's historical gross margins and the reasons discussed in the preceding paragraph.

Restructuring, Impairment and Transaction-Related Charges

Restructuring, impairment and transaction-related charges for the United States Print and Related Services segment for the three months ended March 31, 2013, were \$15.7 million, consisting of: (1) \$2.9 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs, (2) \$3.0 million of impairment charges related to machinery and equipment no longer being utilized in production as a result of facility consolidations and (3) \$9.8 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.

Restructuring, impairment and transaction-related charges for the United States Print and Related Services segment for the three months ended March 31, 2012, were \$14.3 million, consisting of: (1) \$8.4 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs, (2) \$0.6 million of impairment charges for machinery and equipment no longer being utilized in production as a result of facility consolidations and (3) \$5.3 million of various other restructuring charges, including costs to maintain and exit closed facilities, as well as lease exit charges.

International

The following table summarizes net sales, operating income (loss), operating margin, certain items impacting comparability and equity in earnings of unconsolidated entities within the International segment:

	Three Months Ended March 31,			
	2013		2012	
	(dollars in millions)			
	Amount	Amount	\$ Change	% Change
Net Sales:				
Products	\$ 118.3	\$ 123.6	\$ (5.3)	(4.3)%
Services	2.0	2.7	(0.7)	(25.9)%
Operating Income (Loss) (including Restructuring, Impairment and Transaction-Related Charges)	0.5	(8.2)	8.7	106.1 %
Operating Margin	0.4%	(6.5)%	N/A	N/A
Restructuring, Impairment and Transaction-Related Charges	1.1	10.5	(9.4)	(89.5)%
Equity in Earnings of Unconsolidated Entities	\$ 0.2	\$ 1.1	\$ (0.9)	(81.8)%

Net Sales

Product sales for the International segment decreased \$5.3 million, or 4.3%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to \$7.0 million in lower sales in Europe, related to lower volumes, lower paper sales and a negative impact from currency translation. Sales in Latin America increased by \$1.7 million, primarily in Peru and Colombia, partially offset by a \$3.9 million decrease in Brazil due to the sale of Quad/Graphics Nordeste Industria Gráfica LTDA. and Quad/Graphics São Paulo Industria Gráfica S.A. in January 2013.

Service sales for the International segment decreased \$0.7 million, or 25.9%, for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to a decrease in logistics revenue in Europe.

Operating Income (Loss)

Operating income for the International segment increased \$8.7 million, or 106.1%, for the three months ended March 31, 2013, compared to an operating loss in the three months ended March 31, 2012, primarily due to a \$9.4 million decrease in restructuring, impairment and integration expenses and a \$1.7 million gain on the sale of Quad/Graphics Nordeste Industria Gráfica LTDA. and Quad/Graphics São Paulo Industria Gráfica S.A., partially offset by the margin impact of a \$6.0 million sales decline.

Restructuring, Impairment and Transaction-Related Charges

Restructuring, impairment and transaction-related charges for the International segment for the three months ended March 31, 2013, were \$1.1 million, consisting of: (1) \$0.7 million of impairment charges related to machinery and equipment no longer being utilized in production as a result of facility consolidations and (2) \$0.4 million of other restructuring charges.

Restructuring, impairment and transaction-related charges for the International segment for the three months ended March 31, 2012, were \$10.5 million, consisting of: (1) \$2.0 million of employee termination costs related to workforce reduction through facility consolidations and involuntary separation programs, (2) \$7.8 million of impairment charges for certain buildings and equipment no longer being utilized in production as a result of facility consolidations, primarily related to the Company's vacant Pila, Poland facility and (3) \$0.7 million of other restructuring charges.

Equity in Earnings of Unconsolidated Entities

Investments in entities where Quad/Graphics has the ability to exert significant influence, but not control, are accounted for using the equity method of accounting. The Company holds a 49% ownership interest in Plural, a commercial printer based in São Paulo, Brazil. In January 2013, the Company sold 100% of its ownership interest in Quad/Graphics Nordeste Industria Gráfica LTDA. and Quad/Graphics São Paulo Industria Gráfica S.A. to Plural (see Note 10, "Equity Method Investments in Unconsolidated Entities," to the condensed consolidated financial statements in Item 1, "Condensed Consolidated Financial Statements (Unaudited)," of this Quarterly Report on Form 10-Q). The Company also holds a 50% interest in a joint venture in Chile that was acquired as part of the World Color Press acquisition. The equity in earnings of unconsolidated entities in the International segment decreased \$0.9 million for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, primarily due to \$0.9 million decrease in equity earnings at Plural.

Corporate

The following table summarizes unallocated operating expenses presented as Corporate:

	Three Months Ended March 31,	
	2013	2012
	(dollars in millions)	
Operating Expenses (including Restructuring, Impairment and Transaction-Related Charges)	\$ 23.5	\$ 23.6
Restructuring, Impairment and Transaction-Related Charges	9.1	13.4

Corporate operating expenses decreased \$0.1 million, or 0.4%, for the three months ended March 31, 2013, compared with the three months ended March 31, 2012, primarily due to a \$4.3 million decrease in restructuring, impairment and transaction-related charges, partially offset by a \$2.6 million increase in bonus and stock based compensation expense and \$1.0 million in professional services fees.

Corporate restructuring, impairment and transaction-related charges for the three months ended March 31, 2013, were \$9.1 million, consisting of: (1) \$0.5 million of employee termination charges related to workforce reductions through facility consolidations and involuntary separation programs, (2) \$3.0 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the acquisition of Vertis, (3) \$5.4 million of integration costs primarily related to preparing existing facilities to meet new production requirements resulting from work transferring from closed plants, as well as other costs related to the integration of the acquired companies and (4) \$0.2 million of other restructuring charges.

Corporate restructuring, impairment and transaction-related charges for the three months ended March 31, 2012, were \$13.4 million, consisting of: (1) \$1.5 million of transaction-related charges consisting of professional service fees for business acquisition and divestiture activities, primarily in connection with the transaction with Transcontinental and (2) \$11.9 million of integration costs primarily related to preparing existing facilities to meet new production requirements resulting from work transferring from closed plants, as well as other costs related to the integration of the acquired companies.

Liquidity and Capital Resources

The Company utilizes cash flows from operating activities and borrowings under its credit facilities to satisfy its liquidity and capital requirements. The Company believes its expected future cash flows from operating activities and unused available capacity under its revolving credit facilities, net of issued letters of credit, of \$587.8 million as of March 31, 2013, provide sufficient resources to fund ongoing operating requirements and the integration and restructuring requirements related to the acquired Vertis operations, as well as future capital expenditures, debt service requirements, World Color Press single employer pension plan contributions, World Color Press MEPPs withdrawal payments, investments in future growth to create value for its shareholders and shareholder dividends. Borrowings under the \$850.0 million revolving credit facility were \$222.7 million as of March 31, 2013, and peak borrowings during the three months ended March 31, 2013 were \$308.4 million.

Net Cash Provided by Operating Activities

Three Months Ended March 31, 2013, Compared to Three Months Ended March 31, 2012

Net cash provided by operating activities was \$121.4 million for the three months ended March 31, 2013, compared to \$110.6 million for the three months ended March 31, 2012, resulting in a \$10.8 million increase in cash provided by operating activities. The increase was primarily due to a \$25.9 million increase in cash flows provided from changes in operating assets and liabilities and \$5.0 million in dividends from an unconsolidated entity, partially offset by \$20.1 million in lower net earnings adjusted for non-cash items. The \$25.9 million increase in cash flows from changes in operating assets and liabilities was primarily related to an estimated \$70 million of increased accounts payable and accrued liabilities from the replenishment of normalized working capital levels after the acquisition of Vertis (which was acquired without a normalized level of trade accounts payable and certain liabilities), partially offset by a \$15 million increase in inventory and a \$12 million decrease in cash provided from working capital of the Company's Canadian discontinued operations, which were sold on March 1, 2012.

Net Cash From Investing Activities

Three Months Ended March 31, 2013, Compared to Three Months Ended March 31, 2012

Net cash used in investing activities was \$257.9 million for the three months ended March 31, 2013, compared to net cash provided by investing activities of \$9.4 million for the three months ended March 31, 2012, resulting in a \$267.3 million increase in cash used in investing activities. The increase was primarily due to the \$237.4 million net cash outlay related to the acquisition of Vertis on January 16, 2013, a \$50.0 million refund of the deposit related to the Transcontinental Mexico acquisition received during the three months ended March 31, 2012, that did not recur in 2013, and a \$6.7 million increase in purchases of property, plant and equipment in 2013. These impacts were partially offset by the \$18.1 million cost method investment in ManiPalTech made during the three months ended March 31, 2012, that did not recur in 2013.

Net Cash From Financing Activities

Three Months Ended March 31, 2013, Compared to Three Months Ended March 31, 2012

Net cash provided by financing activities was \$142.3 million for the three months ended March 31, 2013, compared to net cash used in financing activities of \$112.8 million for the three months ended March 31, 2012, resulting in a \$255.1 million increase in cash provided by financing activities. The increase was due primarily to net debt borrowings of \$160.0 million in

2013, compared to net debt repayments of \$93.7 million in 2012, representing a \$253.7 million net increase. This increase in borrowings is primarily related to the January 16, 2013 acquisition of Vertis.

Free Cash Flow

Free Cash Flow is defined as net cash provided by operating activities less purchases of property, plant and equipment.

The Company's management assesses Free Cash Flow as a measure to quantify cash available for (1) strategic capital allocation and deployment through investments in the business, including acquisitions, (2) strengthening the balance sheet, including debt and pension repayment, and (3) returning value to the shareholders, including dividends and share repurchases. The priorities for capital allocation and deployment will change as circumstances dictate for the business, and Free Cash Flow can be significantly impacted by the Company's restructuring activities and other unusual items, such as payments related to completing the World Color Press bankruptcy process. Free Cash Flow is a non-GAAP measure. Free Cash Flow should not be considered an alternative to cash flows provided by operating activities as a measure of liquidity. Quad/Graphics' calculation of Free Cash Flow may be different from similar calculations used by other companies and, therefore, comparability may be limited.

Free Cash Flow for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, was as follows:

	Three Months Ended March 31,	
	2013	2012
	(dollars in millions)	
Net Cash Provided by Operating Activities ⁽¹⁾	\$ 121.4	\$ 110.6
Less: Purchases of Property, Plant and Equipment	(28.3)	(21.6)
Free Cash Flow	\$ 93.1	\$ 89.0

(1) Net cash provided by operating activities includes:

- a. Net restructuring payments of \$20.2 million and \$16.3 million for the three months ended March 31, 2013, and 2012, respectively; and
- b. Bankruptcy payments of \$6.9 million and \$2.0 million for the three months ended March 31, 2013 and 2012, respectively.

Free Cash Flow increased \$4.1 million for the three months ended March 31, 2013, compared to the three months ended March 31, 2012, due to a \$10.8 million increase in net cash provided by operating activities, partially offset by a increase in capital expenditures of \$6.7 million. See the Net Cash Provided by Operating Activities section above for further explanations of the increase in operating cash flows.

Debt Obligations

During the three months ended March 31, 2013, the Company utilized a combination of the following significant debt instruments to fund cash requirements, including:

- \$1.5 Billion Debt Financing Agreement which includes:
 - \$850.0 million Revolving Credit Facility (\$222.7 million outstanding as of March 31, 2013);
 - \$450.0 million Term Loan A (\$438.8 million outstanding as of March 31, 2013); and
 - \$200.0 million Term Loan B (\$196.2 million outstanding as of March 31, 2013);
- Master Note and Security Agreement (\$551.9 million outstanding as of March 31, 2013); and
- Facilities Agreement – a \$88.3 million foreign currency denominated facilities agreement including both term loan and revolving credit facility components (total of \$67.2 million outstanding as of March 31, 2013).

Covenants and Compliance

As of March 31, 2013, the Company's various lending arrangements included certain financial covenants (all financial terms, numbers and ratios in this *Covenants and Compliance* section are as defined in the Company's debt agreements). Among these covenants, the Company was required to maintain the following as of March 31, 2013 (for each covenant, the most restrictive measurement has been included below):

- On a rolling twelve-month basis, the total leverage ratio, defined as total consolidated debt to consolidated EBITDA (as defined in the debt financing agreement), shall not exceed 3.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's leverage ratio was 2.50 to 1.00).
- On a rolling twelve-month basis, the minimum interest coverage ratio, defined as consolidated EBITDA to consolidated cash interest expense, shall not be less than 3.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's interest coverage ratio was 7.62 to 1.00).
- On a rolling twelve-month basis, the fixed charge coverage ratio, defined as consolidated EBITDA and rent expense to interest and rent expense, shall not be less than 1.50 to 1.00 (for the twelve months ended March 31, 2013, the Company's fixed charge coverage ratio was 4.04 to 1.00).
- Consolidated net worth of at least \$780.8 million (as of March 31, 2013, the Company's consolidated net worth under the most restrictive covenant per the various debt agreements was \$1.14 billion).

In addition to those covenants, the \$1.5 billion Debt Financing Agreement also includes certain limitations on acquisitions, indebtedness, liens, dividends and repurchases of capital stock. If the Company's total leverage ratio is greater than 3.00 to 1.00 (total leverage ratio as defined in the debt financing agreement), the Company is prohibited from making greater than \$120.0 million of annual dividend payments, capital stock repurchases and certain other payments. If the total leverage ratio is less than 3.00 to 1.00, there are no such restrictions.

As of March 31, 2013, the Company was in compliance with all financial covenants in its debt agreements. While the Company currently expects to be in compliance in future periods with all of the financial covenants, there can be no assurance that these covenants will continue to be met. The Company's failure to maintain compliance with the covenants could prevent the Company from borrowing additional amounts and could result in a default under any of the debt agreements. Such default could cause the outstanding indebtedness to become immediately due and payable, by virtue of cross-acceleration or cross-default provisions.

Risk Management

For a discussion of the Company's exposure to market risks and management of those market risks, see Item 3, "Quantitative and Qualitative Disclosures About Market Risk," of this Quarterly Report on Form 10-Q.

Contractual Obligations and Off-Balance Sheet Arrangements

As of March 31, 2013, the Company's contractual obligations and off-balance sheet arrangements have not changed materially from that listed in the "Contractual Obligations and Other Commitments" table and related notes to the table listed in the Company's Annual Report on Form 10-K filed on March 8, 2013, except:

- the Company increased its consolidated debt and capital lease obligations by \$168.6 million, which includes \$9.0 million of increased interest payments, during the three months ended March 31, 2013,
- the Company increased its operating lease obligations by \$43.5 million, primarily due to an increase of \$31.6 million in operating lease obligations from the acquisition of Vertis, and
- the acquisition of Vertis was completed on January 16, 2013, and the remaining purchase price of \$241.5 million (net of the \$25.9 million deposit held in escrow as of December 31, 2012) was paid to Vertis during the three months ended March 31, 2013.

New Accounting Pronouncements

In March 2013, the FASB issued new guidance on the accounting for the cumulative translation adjustment upon derecognition of certain subsidiaries or group of assets within a foreign entity or of an investment in a foreign entity. Under this new guidance, the release of cumulative translation adjustments into net income is required when an entity ceases to have a controlling financial interest resulting in the complete or substantially complete liquidation of a subsidiary or group of assets within a foreign entity. This guidance is effective prospectively for fiscal years beginning after December 15, 2013, with early adoption permitted. The Company has adopted this guidance and determined that it did not have a material impact on the Company's condensed consolidated financial position, results of operations or cash flows.

In February 2013, the FASB issued new guidance on the disclosure requirements for items reclassified out of accumulated other comprehensive income. Under this new guidance, an entity is required to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the financial statements or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income, but only if the amount reclassified is required to be reclassified in its entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional details about those amounts. The Company adopted this guidance effective January 1, 2013. The adoption of this guidance does not change the current requirements for reporting net income or other comprehensive income, and did not have a material impact on the Company's condensed consolidated financial position, results of operations or cash flows. See Note 21, "Accumulated Other Comprehensive Loss," to the condensed consolidated financial statements in Item 1, "Condensed Consolidated Financial Statements (Unaudited)," of this Quarterly Report on Form 10-Q.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is exposed to a variety of market risks which may adversely impact the Company's results of operations and financial condition, including changes in interest and foreign currency exchange rates, changes in the economic environment that would impact credit positions and changes in the prices of certain commodities. The Company's management takes an active role in the risk management process and has developed policies and procedures that require specific administrative and business functions to assist in the identification, assessment and control of various risks. These risk management strategies may not fully insulate the Company from adverse impacts due to market risks.

Interest Rate Risk

The Company is exposed to interest rate risk on variable rate debt obligations and price risk on fixed rate debt and capital leases. As of March 31, 2013, the Company had fixed rate debt and capital leases outstanding of \$577.1 million at a current weighted average interest rate of 7.4% and variable rate debt outstanding of \$933.2 million at a current weighted average interest rate of 3.0%. The variable rate debt outstanding at March 31, 2013 is primarily comprised of the \$1.5 billion variable rate debt financing agreement entered into on July 26, 2011, including \$438.8 million outstanding on the \$450.0 million term loan A, \$196.2 million outstanding on the \$200.0 million term loan B and \$222.7 million outstanding on the \$850.0 million revolving credit facility, as well as \$67.2 million of international variable rate debt outstanding. The term loan B bears interest primarily based on the London Interbank Offered Rate ("LIBOR"); however, it is subject to a 1.0% LIBOR minimum rate and thus the interest rate on the term loan B will not begin to fluctuate until LIBOR exceeds that percentage. At March 31, 2013, LIBOR was significantly lower than that 1.0% LIBOR minimum rate, and as a result the interest on the term loan B would not fluctuate with a 10% increase in the market interest rate. Excluding the term loan B, a hypothetical change in the interest rate of 10% from the Company's current weighted average interest rate on variable rate debt obligations of 2.96% would not have a material impact on the Company's interest expense. A hypothetical 10% change in market interest rates would change the fair value of fixed rate debt at March 31, 2013, by approximately \$17.4 million.

Foreign Currency Risk and Translation Exposure

The Company is exposed to the impact of foreign currency fluctuations in certain countries in which it operates. The exposure to foreign currency movements is limited in most countries because the operating revenues and expenses of its various subsidiaries and business units are substantially in the local currency of the country in which they operate. Although operating in local currencies may limit the impact of currency rate fluctuations on the results of operations of the Company's non-U.S. subsidiaries and business units, fluctuations in such rates may affect the translation of these results into the Company's consolidated financial statements. To the extent revenues and expenses are not in the applicable local currency, the Company may enter into foreign exchange forward contracts to hedge the currency risk.

The Company's hedging operations have historically not been material, and gains or losses from these operations have not been material to the Company's results of operations, financial position or cash flows. The Company does not use derivative financial instruments for trading or speculative purposes.

These international operations are subject to risks typical of international operations, including, but not limited to, differing economic conditions, changes in political climate, potential restrictions on the movement of funds, differing tax structures, and other regulations and restrictions. Accordingly, future results could be adversely impacted by changes in these or other factors.

Credit Risk

Credit risk is the possibility of loss from a customer's failure to make payments according to contract terms. Prior to granting credit, each customer is evaluated in an underwriting process, taking into consideration the prospective customer's financial condition, past payment experience, credit bureau information and other financial and qualitative factors that may affect the customer's ability to pay. Specific credit reviews and standard industry credit scoring models are used in performing this evaluation. Customers' financial condition is continuously monitored as part of the normal course of business. Some of the Company's customers are highly leveraged or otherwise subject to their own operating and regulatory risks. Based on those customer account reviews and due to the continued uncertainty of the global economy, the Company has an allowance for doubtful accounts of \$72.5 million as of March 31, 2013, and \$70.8 million as of December 31, 2012.

The Company had a large, diverse customer base prior to the acquisition of World Color Press and Vertis; however, the credit risk from customer concentration further decreased after the acquisitions with the addition of new customers, geographies and products the Company now produces. The Company does not have a high degree of concentration with any single

customer account. During the three months ended March 31, 2013, the Company's largest customer accounted for less than 5% of the Company's net sales. Even if the Company's credit review and analysis mechanisms work properly, the Company may experience financial losses in its dealings with customers and other parties. Any increase in nonpayment or nonperformance by customers could adversely impact the Company's results of operations and financial condition. Economic disruptions could result in significant future charges.

Commodity Risk

The primary raw materials used by the Company are paper, ink and energy. At this time, the Company's supply of raw materials is readily available from numerous suppliers; however, based on market conditions, that could change in the future. The Company generally buys these raw materials based upon market prices that are established with the vendor as part of the purchase process.

The majority of paper used in the printing process is supplied directly by the Company's customers. For those customers that do not supply paper, the Company generally includes price adjustment clauses in sales contracts. The Company produces the majority of ink used in its print production. Raw materials for the ink manufacturing process are purchased externally from a variety of suppliers. The Company generally includes price adjustment clauses for ink and other critical raw materials in the printing process in its sales contracts.

The Company generally cannot pass on to customers the impact of higher electric and natural gas energy prices on its manufacturing costs, and increases in energy prices result in higher manufacturing costs for certain of its operations. The Company mitigates its risk through natural gas hedges when appropriate. In its logistic operations, however, the Company is able to pass a substantial portion of any increase in fuel prices directly to its customers.

As a result, management believes a hypothetical 10% change in the price of paper and other raw materials would not have a significant direct impact on the Company's consolidated annual results of operations or cash flows; however, significant increases in commodity pricing or tight supply could influence future customers' demand for printed products. Inflation has not had a significant impact on the Company historically.

ITEM 4. Controls and Procedures**Disclosure Controls and Procedures**

The Company's management, with the participation of the Company's principal executive officer and principal financial officer, has evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report and has concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective.

Changes in Internal Control Over Financial Reporting

Management has evaluated, with the participation of the Company's chief executive officer and chief financial officer, whether any changes in the Company's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934) that occurred during the fiscal quarter ended March 31, 2013 have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

During the fiscal quarter ended March 31, 2013, the Company implemented Oracle's Hyperion Financial Management ("HFM") application. HFM provides the Company an automated tool for consolidating financial data from the general ledger systems used by the Company's subsidiaries. The Company considers the implementation of HFM an enhancement to the financial statement preparation process because the implementation reduces the Company's reliance on manual control procedures. The design and documentation of the applicable internal control processes and procedures have been appropriately modified and those internal controls have been tested for effectiveness prior to and concurrent with the implementation.

During the fiscal quarter ended March 31, 2013, the Company acquired Vertis for \$267.4 million. As part of its ongoing integration activities, the Company is continuing to incorporate its controls and procedures into this recently acquired business and to augment its Company-wide controls to reflect the risks inherent in an acquisition of this magnitude and complexity.

Based on management's evaluation, there were no other changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended March 31, 2013 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II — OTHER INFORMATION**ITEM 1A. Risk Factors**

Risk factors relating to the Company are contained in Part I, Item 1A, "Risk Factors," of the Company's 2012 Annual Report on Form 10-K, filed with the SEC on March 8, 2013. No material changes to such risk factors occurred during the period from January 1, 2013 through March 31, 2013.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds

- (a) None.
- (b) Not applicable.
- (c) On September 6, 2011, the Company's board of directors authorized a share repurchase program of up to \$100.0 million of the Company's outstanding class A stock. Under the authorization, share repurchases may be made at the Company's discretion, from time to time, in the open market and/or in privately negotiated transactions as permitted by federal securities laws and other legal requirements. The timing, manner, price and amount of any repurchase will depend on economic and market conditions, share price, trading volume, applicable legal requirements and other factors. The program may be suspended or discontinued at any time. There were no stock repurchases made during the first quarter ended March 31, 2013. As of March 31, 2013, there were \$91.8 million of authorized repurchases remaining under the program.

See "Management's Discussion and Analysis of Financial Condition and Results of Operations — Liquidity and Capital Resources — Covenants and Compliance," included elsewhere in this Quarterly Report on Form 10-Q, for a discussion of covenants under the Company's debt agreements that may restrict the Company's ability to pay dividends.
