REFINE WITH TRANSPARENCY

In order to create a 100% traceable product, Republic Metals’ Peace of Mined™ refining circuit uses a proprietary process that allows for batch refining. Unlike electrolytic refining, batch refining allows for material to freshly enter a clean circuit during the refining process, and at no point come in contact with any other-sourced metal. In the Peace of Mined™ refining circuit, the designated material is the only material present, and all of that material is removed at termination of the process, so there are no leftovers in the circuit - it can in no way be comingled with metal originating from other sources.

The Peace of Mined™ process maintains a direct link all the way to the manufacturer and allows for true verification and assurance: removing doubt gives you Peace of Mined™.

MANUFACTURE WITH PEACE OF MINED

With the Peace of Mined™ refining process, the client is handed complete control of the supply chain. Source from an extensive list of certified suppliers and have Peace of Mined™ in knowing the exact point of origin.

End users receive the final refined product with a certificate guaranteeing its authenticity and the ability to tell the story of origin behind their final creation, from the ground up.

Insurance, Delivery, Weighing, and Sampling: Customer shall be responsible for insuring any incoming shipments, unless otherwise agreed to in writing. To insure incoming shipments through RMC, Customer must notify RMC within a reasonable period of time, of any shipments destined for RMC. Failure to do so will result in Customer bearing the risk of loss of the material until such time as RMC is able to insure the incoming material. Risk of loss of material will pass from Customer to RMC upon delivery to and acceptance at RMC’s refinery, unless otherwise agreed. Upon receipt by RMC of metal sent by Customer for refining and acceptance by RMC, RMC shall bear the responsibility of insurance for loss or damage to such metal while at RMC. Any and all metal sent by Customer shall be labeled bearing the gross, net, and tare weights of said metal. In an effort to minimize refining costs, RMC may request Customer material be packaged in a particular way prior to shipment to RMC. Customer must follow all instructions that RMC may give to Customer regarding the packaging of material. Material that arrives packaged in a manner other than that requested by RMC is subject to processing fees. All weights of Customer material are to be ultimately determined by personnel of RMC. In the event Customer’s material should arrive at RMC with any broken seals, damaged seals, or seals that evidence tampering, RMC will seek Customer permission prior to the weighing, sampling, assaying, and/or any other procedures with respect to said material, unless otherwise agreed to in writing. Settlement weights are determined and governed by RMC.

RMC’s acknowledgment of receipt of Customer material shall not constitute agreement as to the quantity, weight, composition, or description stipulated by Customer. RMC shall, within a reasonable amount of time, inspect Customer material and shall promptly notify Customer of any significant variations in the material including but not limited to quantity, weight, and composition of the material. RMC shall keep Customer informed of the processing of Customer’s material. Customer must notify
RMC within a reasonable period of time from receipt of notice of such claim and preparedness to provide information concerning such variances. Customer's failure to object shall be deemed a waiver by Customer of any claim Customer may have against RMC with regard to such variances. Any disagreement between RMC and Customer resulting in a frustration of the agreement, and requiring return of unrefined material, will be done at the Customer's expense.

**Special Provisions for Customer Express Delivery Shipments related to Insurance, Delivery, Weighting, and Sampling:** Customer must notify RMC of the insurable value of any shipments destined for RMC, PRIOR TO DELIVERY TO OR PICKUP BY AN EXPRESS DELIVERY SERVICE SUCH AS BUT NOT LIMITED TO UPS OR FED EX (Completion of an on-line form provided on RMC's Website for Delivery Service satisfies the notice requirement). Failure to provide such notice provided for above or an alternate valuation notice specifically approved by RMC in writing prior to delivery to an express delivery service as described above, will result in customer bearing the risk of loss of the material until such time as it is received and accepted by RMC, in accordance with the provisions set forth below. Accordingly, if customer fails to provide the notice or alternate valuation notice as specified herein, risk of loss of material will pass from customer to RMC only upon delivery to and acceptance at RMC's refinery, unless otherwise agreed to in writing. If, however, customer timely provides the notice or alternate valuation notice aforesaid, risk of loss shall pass to RMC at the time of delivery to and receipt by the express delivery service referred to above. In any event, upon both receipt by RMC of metal sent by customer for refining and acceptance by RMC, RMC shall bear the responsibility of insurance for loss or damage to such metal while at RMC provided, however, RMC expressly reserves the right to reject and return materials to customer as provided for below, at customer’s expense.

In the event that RMC's agreement with Customer includes insurance, PLEASE NOTE: The insurance afforded the client is (1) specifically limited to and subject to the insuring agreements between RMC and its insurance underwriters and (2) generally, RMC's insurance does not include or cover/protection packages that have been rejected by RMC's shipping department because the packing material seems to be compromised or if there is a weight discrepancy between the customer's reported shipping weight and the weight ascertained by RMC's shipping department at the time of arrival. In these instances, if appropriate, RMC will file a claim with its insurers to ascertain the responsibility for the rejected or compromised shipments and both the customer and RMC will be subject to and bound by said insurer's coverage decision in this regard.

Further, RMC's insurance does not cover "said to contain" material. Thus, should RMC accept a package containing items other than the items purported to be contained as per customer shipping documentation, customer shall not be entitled to insurance coverage or proceeds for what was said to be contained therein (i.e. Customer's package contains rocks instead of precious metals).

Individual incoming boxes delivered via ground transportation which originate from outside of Florida, may be insured for up to and including $50,000 per box, depending on Customer's agreement with RMC.

**Deleterious Elements:** Customer MUST contact RMC and seek approval prior to shipping material containing any of the following elements.

- As – Arsenic  Be – Beryllium  Bi – Bismuth  Cd – Cadmium  Hg – Mercury  Ni – Nickel

This sample is then used conduct an analysis of Customer's material.

RMC will conduct assay trials and report the results to the Customer. Customer has forty-eight (48) hours in which to object to the assay report after which time the assay report will be deemed accepted by Customer and the rights to contest the assay report will be deemed waived. Upon objection by Customer to the assay report, RMC may pursue various options including but not limited to:

Negotiating mutually agreeable figures with which to compute the precious metals contained in the lot or melt, or (b) agreeing with Customer to solicit an umpire assay (third party assay). (Please request an “Umpire Procedure” document should you desire further explanation) Note: RMC will dispose of any and all precious and non-precious material including but not limited to any slag, magnetic, and any precious and non-precious material not requested by Customer for return. RMC shall be free of any liability to return any additional metal not requested by Customer and/or agreed upon by Customer and/or RMC or specifically noted in the refining terms. Settlement times may vary depending on available production capacity. Settlement shall not occur during weekends, legal holidays and RMC's vacation periods.

**Charges:** Unless otherwise agreed, Customer agrees to pay any and all preparation, treatment, refining, and/or any other customary charges related to the said material. Sales, use, excise, and/or any other taxes or assessments, levies, or governmental charges be it federal, state, local that are in addition to the above mentioned charges shall be paid by the Customer. All charges become payable after Customer receipt of the invoice. RMC is entitled and empowered to withhold delivery of any returnable or transferable metals or money due to the Customer until such time as all amounts due to RMC by Customer are received. In attempting to retrieve any monies due RMC by Customer or its assigns, RMC reserves the rights and remedies including but not limited to: (a) to cancel any Customer order (b) to refuse to make further deliveries due to Customer (c) to declare due and payable immediately any and all unpaid amounts for goods previously delivered to Customer.

All RMC charges are payable upon the rendering of an invoice. Acceptance of check, draft, credit card payment(s), or any remittance except legal tender (cash) shall not constitute payment until such payment processes are completed and any pay period to contest any charges reflected on this invoice have expired. Until such time, RMC shall be deemed to retain title to and a security interest in all material covered by any RMC invoice to secure the payment of the same. If Customer fails to make payments when due, the amount unpaid is subject to an interest charge of ten percent (10%) per annum discounted to represent the amount of time passed for which payment has not been received. This interest rate is subject to fluctuation without notice based on current bank base lending rates.

**Power of Attorney:** Customer hereby appoints RMC as Customer's attorney-in-fact, with full power of substitution, to demand, receive, and collect for RMC's own use and benefit all debts, obligations, and accounts receivable now owing to RMC. Customer further authorizes RMC to do all things legally permissible, required, or deemed by RMC to be required, to recover and collect the debts, obligations, and accounts receivable and to use Customer's name in any manner RMC may deem necessary for the collection and recovery of the debts, obligations, and accounts receivable but without cost, expense, or damage to Customer.
Additionally, as a course of business, RMC reserves the right to offset refining charges by liquidating Customer's pool account to the extent that such charges are paid. Such charges include but are not limited to any overdraft fees, unpaid fees or charges, and handling fees for deleterious materials for which Customer is responsible. Customer empowers RMC to offset and/or liquidate any Customer pool account under any company or corporate name where Customer is found to have common ownership, to secure any and all debts owed to RMC. In addition to any costs incurred by RMC in connection with its enforcement of any sums of money, or metal, or value thereof due hereunder or enforcement of its rights hereunder, if RMC employs an attorney to enforce collection of any sums due hereunder or to enforce any of its rights hereunder, in whole or in part, then Customer will pay a reasonable fee representing such attorneys' services including costs, regardless of whether suit is instituted, and whether at trial, on appeal, in mediation, arbitration, or administrative proceedings.

**Pool/Toll Account:** A pool account is a ledger account representing the amount of returnable metal owed to Customer (if account reflects a positive balance), or the amount of metal owed to RMC (if the account reflects a negative balance). Precious metals are fungible; therefore any unit of material is equivalent to another of like kind i.e., similar quality and/or value, and is deemed adequate payment for purposes of outstanding Pool Accounts. Returnable metal represented in a Customer Pool Account does not pertain to specific, segregated, or identifiable metal; rather it represents a future obligation of RMC to return common inventory of gold, silver, platinum, palladium, or platinum group metals. RMC reserves the right to return precious metals to Customer of like kind representing the amounts of precious metals owed to Customer. RMC reserves the right to offset negative balances in Customer's pool account with respect to any and all metal in Customer's pool account by purchasing and/or liquidating any metals reflecting a positive balance in Customer's pool account. Republic reserves the right to price out any unfixed ounces remaining in Customer pool account in an effort to settle Customer lot. Should Customer desire to leave ounces un-priced in Customer pool account, Customer must notify Republic in writing at least twenty four (24) hours prior to the settlement date of the respective lot; after such time has elapsed, Customer shall be deemed to have waived such right. Note: Please see RMC Purchases for a description of RMC's returnable metal.

**Consignment:** It is expressly agreed upon by both parties that any and all material shipped to Customer, and/or delivered to Customer, and/or released to Customer on a consignment/bailment basis remains the property of RMC, with a security interest in RMC, until the material is returned to RMC in its entirety with interest paid, or material of equal quality, kind, and value is returned to RMC. Customer does not have legal title to such property until the above obligations are fulfilled. Should Customer transfer, assign, sell, or attempt to pass title to said material in any other way, Customer will be responsible for returning to RMC material of like kind, representing the same value. UNLESS OTHERWISE EXPRESSLY AGREED TO IN WRITING ALL CONSIGNMENT TRANSACTIONS ARE FURTHER SUBJECT TO TERMS + PROVISIONS SET FORTH IN RMC'S FORM CONSIGNMENT CONTRACT WHICH WILL BE FURNISHED UPON REQUEST.

**RMC Purchases:** Customers will be paid according to their returnable metals. The returnable metal represents the amount of precious metals contained in the Customer lot minus any RMC refining charges and/or any other charges. Returnable metals shall be in the form of fine gold bars and/or granulation unless otherwise agreed. Unless otherwise agreed, fine gold bars and/or fine gold granulation shall assay a minimum of 9999 fine, and the fine silver bars and/or granulation shall assay a minimum of 99.95 fine. Returnable Platinum, Palladium, and Platinum group metals shall assay a minimum of 995 fine. RMC shall not be liable for direct or consequential losses stemming directly or indirectly from market fluctuations and/or any other cause whatsoever as a result of late delivery of any material by RMC. RMC delivery schedules are subject to change without notice.

**Advances:** Should Customer request an advance and RMC approve such a request, Customer will be responsible for any deficit in Customer's account as a result of an over-advance. Customer will be charged of $1.00 per ounce per day with a minimum charge of $150.00. (Subject to change without notice) Any and all security interest in Customer's material held by Customer will be reduced by the amount of such advance. Upon RMC transferring consideration, in the form of wire transfer, cash, metal transfer or otherwise, to Customer for and against Customer's metal, Title to said metal shall pass immediately to RMC. After said metal is sampled, Republic may co-mingle, destroy, or use said metal in any manner RMC deems appropriate. Advances will only be made against lots and/or material for which the estimated elemental content has been Price Fixed.

**Fixing of Metal:** Customer has the following options when fixing precious metals with RMC:

**Note:** RMC market prices may reflect a slight discount as stipulated by market conditions.

Customer warrants that any purchase or sale contract has been effectuated by Customer for the sole purpose of securing pricing for the ultimate sale or purchase of precious metals and has not been made for any speculative reason whatsoever. Customer hereby has an obligation to deliver or purchase said metal to or from RMC within ten (10) business days from the effective contract Date. Should Customer fail to deliver/purchase said metal within ten (10) business days, RMC reserves the right to reverse and/or offset this outstanding sales/purchase contract. Thus, should RMC accept a package containing items other than the items purported to be contained as per Customer shipping documentation, Customer shall not be entitled to insurance coverage or proceeds for what was said to be contained therein (i.e. Customer’s package contains rocks instead of precious metals).

Individual incoming boxes delivered via ground transportation which originate from outside of Florida, may be insured for up to and including $35,000 per box, depending on Customer’s agreement with RMC. All other shipments, regardless of origin or medium of transport, may be insured for up to and including $200,000 per box, contingent on Customer’s agreement with RMC.

All weights of Customer material are to be verified and ultimately determined by personnel of RMC. In the event Customer’s material should arrive at RMC with any broken seals, damaged seals, or seals that indicate tampering, RMC will seek Customer permission prior to the weighing, sampling, assaying, and/or any other procedures with respect to said material.
