**Subject:** Re: Wordsworth/Vee Galaxy

Kal

I just called your number and left a message. The situation is worse than I originally understood it to be as all email has been disrupted.

This is not just an inconvenience but threatens to disrupt Wordsworth's ability to provide services to the public. Wordsworth receives electronic referral of cases from DHS, some of which are on an emergency basis.

We demand that you provide all information referenced in my letter to you by the end of today.

If we do not get it we will file an emergency motion in the bankruptcy court. In that motion we will seek punitive damages for a willful violation of the automatic stay and in addition will ask the bankruptcy court to require that you pay the attorneys fees associated with the filing of the motion.

They will be substantial.

Please advise us of your intentions immediately. Thank you.

Peter Hughes
