Re: In re: Westmoreland Coal Company et al., Debtors
Chapter 11, Case No. 18-35672 (DRJ) (Jointly Administered)

Dear Court Clerk:

Enclosed is a copy of my letter dated May 22, 2019 (without enclosures) pertaining to the above-captioned bankruptcy proceeding.

I do not know if my Objection to Rejection of Executory Contract dated January 30, 2019 was received and filed in this proceeding or if my May 22, 2019 letter was received. It will be appreciated if you will confirm this Objection was received and filed in this proceeding and that my May 22, 2019 letter was received.

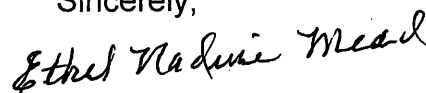

As stated in my May 22, 2019 letter, Paragraph 6 of the Confidential Letter Agreement dated October 27, 2009 that is attached to my Objection is very important because the granting of the 2.7 acre parcel to my Trust is to be made within a reasonable time after San Juan Coal Company secures the release of its bonds, and other governmental requirements or approvals are satisfied.

A Public Notice is being published in the Farmington Daily Times that Westmoreland San Juan Mining LLC has filed an application with New Mexico Mining and Minerals Division to secure the release of certain of its bonds.

My Trust receives the assignment of the 2.7 acre parcel, or the value thereof, because the parcel provides access to not only my land but other owners of lands in the immediate area.

Thank you for your assistance and cooperation in this matter.

Sincerely,

Ethel Nadine Mead, Trustee

Re: In re: Westmoreland Coal Company et al., Debtors
Chapter 11, Case No. 18-35672 (DRJ) (Jointly Administered)

Dear Court Clerk:

Enclosed are copies of the Objection to Rejection of Executory Contract with attachment that was mailed to the Honorable David R. Jones, U. S. Bankruptcy Judge, on January 30, 2019 pertaining to the above-captioned bankruptcy proceeding.

I do not know if this Objection was received and filed in this proceeding. It will be appreciated if you will confirm this Objection was received and filed in this proceeding.

Paragraph 6 of the Confidential Letter Agreement dated October 27, 2009 that is attached to our Objection is very important because the granting of the 2.7 acre parcel to our Trust is to be made within a reasonable time after San Juan Coal Company secures the release of its bonds, and other governmental requirements or approvals are satisfied.

A Public Notice has recently been published in the Farmington Daily Times that Westmoreland San Juan Mining LLC has filed an application with New Mexico Mining and Minerals Division to secure the release of certain of its bonds.

It is very important that our Trust receives the assignment of the 2.7 acre parcel, or the value thereof, because the parcel provides access to not only our land but other owners of lands in the immediate area.

Thank you for your assistance and cooperation in this matter.

Sincerely,

Ethel Nadine Mead, Trustee
