4 IN THE CIRCUIT COURT OF THE STATE OF OREGON
5 FOR THE COUNTY OF LANE

6 In re Judicial Dissolution of,
7 **Zadeh Kicks LLC dba Zadeh Kicks**
8 the Petitioner.

9 Case No. 22CV16510

10 DECLARATION OF DAVID P.
11 STAPLETON IN SUPPORT OF
12 RECEIVER'S MOTION FOR ORDER
13 APPROVING LIQUIDATION PLANS

14 I, David P. Stapleton, declare and state:

15 1. I am the court-appointed receiver in this case. I make this declaration in support of
16 Receiver's Motion for Order Approving Liquidation Plans. I have personal knowledge of the facts
17 stated in my declaration, and I am competent to testify regarding them.

18 2. On May 20, 2022, this Court entered an order appointing me as the receiver for
19 Zadeh Kicks LLC dba Zadeh Kick ("Petitioner"). I immediately took possession of the
20 Receivership Estate and met with Malekzadeh and his counsel at the Zadeh Kicks offices to discuss
21 the takeover of the Receivership Estate and my role.

22 3. The vast majority of the physical assets of the Receivership Estate, disregarding
23 cash, consists of brand-new sneakers, in boxes, with tags, that were acquired from a variety of
24 other sneaker resellers, which totals approximately 60,000 pairs of shoes.

25 4. I have also taken possession of various categories of items that were represented to
26 be Malekzadeh's personal property, including approximately 1,100 pairs of sneakers (both new
and used) and various other collectibles.

27 5. I am proposing a sales process using multiple channels including: (1) Direct to
28 consumer sales; (2) Wholesale sales to pre-qualified bulk buyers; and (3) Sales to consignment

1 outlets and independent retailers. I believe this three-pronged sales approach will provide the
2 flexibility to test the market through each channel and then to focus on the most successful
3 channels or to modify the products that we are selling through each channel.

4 6. Various experts have reviewed the inventory and have provided positive feedback
5 on the mix, value and overall quality of the collection. The general mix of the inventory includes
6 less than 10% of the total shoes that are high-end, collectible shoes that, with the remainder having
7 average or above average value that is suitable for sales through online marketplaces such as Ebay.

8 7. Since my appointment, it is my understanding that the sneaker resale market has
9 been negatively impacted by decreased consumer spending consistent with other categories of
10 consumer goods. In consideration of this trend, I am seeking approval of this motion in an
11 expedited fashion so as to minimize impact of further decline of consumer spending habits and to
12 take advantage of the holiday selling season that is about to begin.

13 8. Over the course of the last two months, I met with various parties in search of
14 partners to assist with maximizing the sales prices for the Zadeh Kicks sneaker inventory and
15 Malekzadeh's personal sneaker inventory and other collectibles. These groups consisted of
16 liquidators, sneaker resellers, online direct-to-consumer platforms selling luxury goods and other
17 e-commerce marketplaces. They included Poshmark, Ebay, Onyx Asset Advisors, Tiger Group, a
18 prominent sneaker event company and others. I have also consulted regularly with the former
19 Zadeh employees I have retained based on their legacy knowledge and industry expertise. These
20 employees have also served as a reliable resource regarding the Zadeh inventory and its historical
21 inventory management, marketplace transaction, order fulfilment and shipping processes.

22 9. In addition to the above channels, I intend to contact third party potential purchasers
23 who have expressed interest in the inventory.

24 10. One key consideration for the sale process is authentication of the sneakers in the
25 Zadeh inventory. I have a high degree of confidence in the authenticity of the sneaker inventory
26 based on multiple inspections of the inventory by experts and law enforcement agencies. I intend

1 to use Ebay as one of the primary channels at the outset of the liquidation plan, in part because of
2 the additional layer of authentication provided by Ebay's Authenticity Guarantee (pictured below).

11. Following my extensive research and analysis, I believe this liquidation process
12 will take approximately 8-12 months to complete.

13. My proposed liquidation will consist of sales to buyers through the following three
14 channels (the “3-Channel Hybrid” strategy):

15. a. **Direct To Consumer Online Sales** – sales to end consumers principally
16 using Ebay.com and potentially also selling through stockx.com, goat.com, poshmark.com, and
17 sales through livestream shopping & entertainment platforms offering exclusive “one-time only”
18 collections and through live exclusive events.

19. In addition, there is a unique opportunity to begin selling soon to take advantage of the
20 upcoming holiday season. It is my understanding that Ebay has the infrastructure and resources to
21 assist in listing, advertising, and handling payment processing and authentication of the sneakers.
22 It is also my understanding that Ebay is one of the largest online sellers of sneakers in the United
23 States.

1 I can structure the online platforms' "storefronts" to require that all sales are final. Ebay,
2 specifically, has a dedicated, internal authentication team and facilities where each pair of shoes
3 pass through before moving on to the end consumer.

4 Ebay is offering to provide me with favorable financial terms and preferred services not
5 available to most other sellers. Ebay's proposed fee for listing, shipping and payment processing
6 is approximately 8% of gross sales. I am working to negotiate better terms, which may include a
7 lower fee or inclusion of additional services and promotional benefits. By comparison, the fee for
8 most other platforms begins at around 8-10% for the sale commission for sellers in good standing
9 but has an additional payment processing fee of approximately 3%, for a total of approximately
10 11-13%¹. Ebay would not charge a payment processing fee, nor does it charge any fees for
11 shipping, on top of the 8%. I believe the 8% fee is reasonable given the services provided by Ebay
12 and the comparison to fees offered by other platforms.

13 Ebay will also allow me to obtain a market price, not a wholesale price, with an 8% fee.
14 Based on discussions with industry experts, I believe the discount to sell to a wholesaler could
15 range between 20-30 %. If I determine the pace of sales or the prices achieved from the online
16 marketplace platforms are not as expected, I may choose to pivot to a wholesale buyer where I
17 believe the offer received and the benefit of moving a larger volume of shoes at once is favorable
18 compared to what will sell via the market value from the online marketplaces.

19 The legacy Zadeh team, which currently includes three former employees of Zadeh, is also
20 still intact and has significant experience in fulfillment for online orders. I can manage and
21 augment this team when appropriate to manage the fulfillment side of the online sales platform.
22
23

24 ¹ The standard fees for selling on GOAT.com are base commission fees of 9.5% of sale price, plus
25 a 2.9% payment processing fee for a total of 12.4%. Commission fees can increased based on
26 number of seller cancellations and verification issues. The standard fees for selling on StockX.com
are base commission fees of between 8-10% of sale price (depending on seller sales volume), plus
a 3.0% payment processing fee for a range of 11-13%. Both platforms also have minimum seller
fees based on region.

I intend to establish benchmark prices for each pair of sneakers based on recent and available comparable sales data provided by Ebay and may need to adjust these benchmark prices from time to time based on changes in the market. I will also be able to monitor real-time data provided by Ebay throughout the process to gauge current market prices / average selling prices for each sneaker, which will allow me to pivot sales and pricing strategy, if necessary. I will also submit monthly reports to the court, wherein I can provide updates on progress, any changes in valuation expectations, etc.

b. **Wholesale** – Sales to pre-qualified buyers in quantities of greater than 100 sneakers per order. I have received a number of inquiries from potential bulk buyers interested in purchasing some or all of the Zadeh inventory. If I determine that a wholesale bulk sale is competitive with what I believe can be achieved through several sales within the other channels, I intend to explore this option.

c. **Consignment** - Sales at consignment stores will likely be at a slower pace than online marketplace options and would also require additional logistics, shipping and other variables, but may be appropriate for a limited amount of the sneaker inventory.

13. I have completed a draft budget that includes costs for on-site staff, rent for the facilities, supplies and other operating expenses that would exist in all of the above-listed scenarios. Each of the above-noted channels will have a unique cost structure and budget, depending on costs specific to those efforts. For instance, retail sales and / or wholesale transactions will have warehouse labor attributed to preparing items for shipment. Consignment sales will not have as much labor attributed to labor in the warehouse after initial preparation of lots of sneakers, but may have shipping costs to consignee and a fee paid upon sale at consignee. As sales get underway and the inventory of sneakers begins to reduce, I will review right-sizing of labor, consolidating inventories and other cost-saving measures.

1 14. As detailed herein, I request approval to utilize the entire 3-Channel Hybrid
2 Strategy to create the greatest velocity and maximize sales revenue with the Court's authorization
3 to use my own discretion to determine how many shoes should go through each channel.

4 15. I prepared a budget for the receivership estate that aligns with my proposed sale
5 strategy and liquidation plan, as well two comparative budgets to provide a representation of the
6 projected results using two other strategies. Attached as **Exhibits A, B, and C** are three draft
7 budgets² for the court's review (A) the 3-Channel Hybrid strategy; (B) a Traditional Liquidator /
8 Auctioneer strategy; and (C) a Bulk Sale strategy, respectively. I believe that the 3-Channel Hybrid
9 strategy will result in a greater recovery for the receivership estate than Traditional Liquidator /
10 Auctioneer strategy or the Bulk Sale strategy, summarized as follows:

11 **Scenario #1 - 3-CHANNEL HYBRID**

	Low	High
Gross Sales	\$ 8,425,000	\$ 10,110,000
Costs of Sale & OH/Other Disbursements	(1,796,456)	(2,102,947)
Net Cash Flow	\$ 6,628,544	\$ 8,007,053

16 **Scenario #2 - TRADITIONAL LIQUIDATOR / AUCTIONEER**

	Low	High
Gross Sales	\$ 7,500,000	\$ 9,000,000
Costs of Sale & OH/Other Disbursements	(1,542,956)	(1,789,956)
Net Cash Flow	5,957,044	7,210,044
VARIANCE TO 3-CHANNEL HYBRID	\$ (671,500)	\$ (797,009)

25

26 ² Please note the cash flow in the attached budgets do not include cash on hand of the receivership
estate and do not include fees / expenses to pursue or defend other litigation associated with the
receivership estate.

1 **Scenario #3 - BULK SALE**

	Low	High
Gross Sales	\$ 6,000,000	\$ 7,200,000
Costs of Sale & OH/Other Disbursements	(603,315)	(687,315)
Net Cash Flow	5,396,685	6,512,685
VARIANCE TO 3-CHANNEL HYBRID	\$ (1,231,859)	\$ (1,494,368)

8 16. The summaries above (which are also included at the top right corner of each
9 respective budget) capture portions of these presented budgets. There are various nuances /
10 differences within the various budgets to most appropriately reflect the perceived average sales
11 prices within each model, the costs of sale, fulfilment labor and other expenses like shipping /
12 logistics.

13 17. Within the 3-Channel Hybrid budget, there are three subsections to highlight the
14 various channels: (1) Online Marketplace / Platforms; (2) Wholesale; and (3) Events/Consignment.
15 For instance, the 3-Channel model derives a gross sales value which consists of a blend of an
16 average sale price per sneaker based on the assumptions of the prices achieved via the different
17 channels. The 3-Channel Hybrid also includes a blend of various costs including fees /
18 commissions, labor and freight.

19 18. The Traditional Liquidator / Auctioneer model factors in an average sale price per
20 sneaker at a wholesale price, which leaves open the market value / retail pricing a seller can achieve
21 from the online platform or livestream / live events or consignment options. While I believe the
22 administrative costs will be lower in the Traditional Liquidator / Auctioneer sale, the lower
23 wholesale pricing, fees and the labor and marketing costs would outweigh this.

24 19. The Bulk Sale strategy presents an even lower average sale price per sneaker based
25 on the leverage from a bulk buyer who will need to factor in various costs including warehouse
26 space, transportation costs and margin for its own resale of the sneakers. I will continue to entertain

1 bulk offers, but for these reasons I have estimated that the bulk sale price will be substantially
2 below what I believe can be achieved through the online marketplace and wholesale channels. The
3 Bulk Sale model shows a shorter time-frame to close a sale and therefore a short runway on costs,
4 however these reduced costs do not offset the lower sales price to sell in bulk.

5 20. I seek approval of this liquidation strategy on an expedited basis to maximize the
6 holiday selling season, which will commence prior to the Thanksgiving Holiday.

I HEREBY DECLARE THAT THE ABOVE STATEMENT IS TRUE TO THE
BEST OF MY KNOWLEDGE AND BELIEF, AND THAT I UNDERSTAND IT IS MADE
FOR USE AS EVIDENCE IN COURT AND IS SUBJECT TO PENALTY FOR PERJURY.

DATED this 4th day of November, 2022.

N.P. Sin

David P. Stapleton

CERTIFICATE OF SERVICE

I hereby certify that I served the foregoing DECLARATION OF DAVID P. STAPLETON IN SUPPORT OF MOTION FOR ORDER APPROVING LIQUIDATION PLANS on the parties listed below by the method(s) indicated and on the attached Special Notice List via email on the date set forth below:

Notes

N1: The Receiver estimates Retail sales of 50 shoes per day, multiplied by an average price of \$150.00 per pair (50 pairs per day * 30 days per month * \$150.00 = \$225,000) through March 2023. Beginning April 2023, the Receiver estimates 75 pairs of shoes sold per day (75 pairs per day * 30 days * \$150.00 = \$337,500) with the remaining shoes sold in October 2023. The Receiver estimates consignment sales to follow a similar trend as shown herein.

N2: Current payroll is approximately \$20k per month. We estimate payroll costs to remain consistent through a 3-channel approach and Receiver plans to leverage employees at the online marketplaces/platforms and consignment facilities to manage these costs.

N3: The Receiver is estimating wholesale sales beginning in January 2023 at an average price of \$125.00 per pair with the highest sales in spring 2023 as traction is gained with wholesalers.

N4: Per discussions with industry experts familiar with freight forwarding, logistics and transportation rates, the Receiver determined an estimate of \$10,000 of transportation fees for 10,000 pairs of shoes. As we are assuming 15,000 pairs of shoes sold via consignment in the next 12 months, we will multiply \$10,000 * 1.5 or (\$10,000/10,000) = \$15,000 for the year. For simplicity, we will spread the \$15,000 evenly over 12 months, or \$15,000/12 = \$1,250 per month.

SCENARIO #2 - TRADITIONAL LIQUIDATOR/AUCTIONEER

DRAFT

ZADEH KICKS
12 Month Cash Flow Forecast - PRELIMINARY, SUBJECT TO ADJUSTMENT

Scenario #2 Assumptions:	
Sales at:	\$125.00 per pair

Notes

N1: The Receiver estimates increased volume of Sales from March to June 2023 as traction develops with wholesale buyers and/or promotion of specifically targeted events (auctions).

N2: Current payroll is approximately \$20k per month. The Receiver estimates that approximately half of current labor would be required to facilitate a sale via a traditional liquidator/auctioneer, or \$10k per month.

N3: The Receiver estimates the high range of sales and related costs at 20% higher than the low-range, with the exception of labor costs and payroll taxes for the Zadeh warehouse. These costs, in addition to lease and security costs, are held constant regardless of the selling price per pair of shoes, as they are not variable in nature.

													6,512,685

Notes

N1: For purposes of this budget, the Receiver estimates a bulk sale to occur in Q1 2023. This is subject to change based on interest and negotiations if this method materialized.

N2: Current payroll is approximately \$20k per month. Given the quick timeline assumed herein to close on a bifurcated bulk sale in Q1 2023, the Receiver estimates that sustaining current labor levels will be required and accordingly estimates \$20k per month through the close of the sale.

N3: The Receiver estimates the high range of sales and related costs at 20% higher than the low-range, with the exception of labor costs and payroll taxes for the Zadeh warehouse. These costs, in addition to lease and security costs, are held constant regardless of the selling price per pair of shoes, as they are not variable in nature.
